WITNESSETH:

Lessor hereby demises and leases unto Lessee, and Lessee hereby hires and takes from Lessor, all that parcel of land at Bryn Mawr Avenue East of N. Pulaski Rd., City of Chicago, County of Cook, State of Illinois consisting of 12 acres more or less, more particularly described:

> The North 600 feet of the South 633 feet of the Southwest ¼ of Section 2, Township 40 North, Range 13 East of the Third Principal Meridian (excepting therefrom the East 933 feet and the West 883 feet, respectively, of said Southwest ¼ of Section 2), in Cook County, Illinois,

together with easements for the purpose of ingress and egress.

The demised premises are leased subject to the encumbrances, leases, and conditions, if any, set forth in schedule A.

To have and to hold the demised premises for a term to commence upon the date of execution of this Lease, and to terminate at midnight on the date seventy-five (75) years after said date of execution, unless sooner terminated as hereinafter provided, or extended as provided for herein.

It is hereby mutually covenanted and agreed by and between Lessor and Lessee that this Lease is made upon the foregoing and following terms, covenants ,and conditions, and Lessor and Lessee hereby mutually covenant and agree to perform each and every one of the terms, covenants, and conditions of this Lease and of all schedules and riders hereto annexed on their respective parts to be performed.

Fixed Rent

1. Lessee shall pay to Lessor, at such place and in such manner as Lessor shall designate in writing, fixed rent, upon the following basis:

> (a) Lessee shall pay to Lessor fixed rent at the rate of One Dollar ($1.00) per annum, which rent shall be paid upon an annual basis commencing upon the execution of this Lease, and said rate of fixed rent shall continue until the expiration of this Lease or any extensions hereof.

Construction

2. (a) As part of the consideration for this Lease, Lessee covenants and agrees that the demised premises shall be limited in use to the construction and operation of housing for the elderly under Section 202 of the Housing Act of 1959, as amended [12 U.S.C. 1701(q)].

(b) Lessee shall commence the erection and construction of a four story residential building, designed for the elderly, on the demised premises within sixty (60) days after the initial closing of Lessee's Section 202 loan application. Said building shall contain two hundred forty-one 241 units. Final design and cost of construction are subject to the approval of HUD. Lessee may make alterations to any plans and cost projections previously or hereafter submitted to Lessor which may be necessary in order to comply with the requirements of HUD, and no such alterations shall constitute a breach of any covenants or agreements made by Lessee.

(c) Lessee's obligation to construct any improvements on the demised premises is also subject to and conditioned upon the prior acquisition of all necessary zoning variances and building permits as provided in Paragraph 29 of this Lease.

(d) Any structures or improvements built or placed upon the demised premises by Lessee, or at Lessee's expense, shall be and remain the property of Lessee until the expiration of this Lease, including any extension period. At the expiration of this Lease all such structures and improvements shall become the property of the Lessor without any payment therefor by Lessor.

(e) During any construction provided for in this paragraph, Lessee shall, at Lessee's own cost and expense, provide and keep in force general accident and public liability insurance, fully protecting against any and all liability that may be occasioned by said construction. Said policy shall cover Lessee and Lessor as their respective interests appear.

3. The operation and management of the demised premises are subject to review by HUD, and all rental rates for apartment units constructed upon the demised premises are subject to review by HUD, and all rental rates for apartment units constructed upon the demised premises are subject to review by HUD under Section 8 of the Housing Act of 1937, as amended, or as provided by subsequent Federal law.

Delay

4. If, by reason of strike, lockout, war, rebellion, material or labor shortage due to a national emergency, fire, flood, wind, water, or other casualty, or by any other matter not within his control, the Lessee is, in good faith and without fault or neglect on his part, prevented or delayed in the erection, completion, restoration, or repair of any building or improvement which under the terms of this Lease he is required to do by a specified date or within a specified period of time, the period of time within which such work was to have been completed shall be extended by a period of time equal to that of such delay or prevention; and the Lessee shall not be deemed to be in default if he performs and completes work in the manner required by the terms of the Lease within the specified period of time as so extended.

Lien

5. As security for the payment of all rent and additional rent, taxes, and assessments, insurance, water, gas and electric, fuel, and all maintenance and operating costs, fees, and charges of every kind and nature, and all other possible amounts, charges, penalties, liens, or damages to be paid by the Lessee under the terms and conditions of this Lease and to secure the compliance with and performance of all obligations, covenants, conditions, terms, and agreements to be performed and complied with by the Lessee under the terms and conditions of this Lease, the Lessor shall have a first lien, prior to all others, upon all the rights, title, and interest of the Lessee to and in the leased premises and to and in all buildings and improvements now thereon or hereafter to be erected or placed thereon.

Mortgage by Lessee

6. (a) It is covenanted and agreed between the Lessor and Lessee that the Lessee shall, at all times during the term of this Lease, have the right to mortgage or convey by trust deed, or other instrument adequate for the purpose of securing any actual bona fide debt, this Lease or the leasehold interest of the Lessee created by it, together with all his right and interest in the buildings and improvements now on or hereafter to be placed upon the within described premises, provided always that any such mortgage, conveyance, or encumbrance will, at all times, be subject to and inferior to the prior right, title, and interest of the Lessor in and to the said premises as and for security for the full and faithful performance of the covenants, terms, and conditions of this Lease by the Lessee.

(b) In the event of any breach or default of any of the covenants, terms, or conditions of this Lease by the Lessee, the holder of the mortgage, the trust deed, or other instrument above provided for, may, before forfeiture, make any and all payments and perform all acts or things which may be necessary or required to prevent a forfeiture of said Lease, and shall thereby and thereupon be subrogated to all the right of the Lessee under the Lease. In furtherance of this provision, the Lessor covenants and agrees that, if the holder of any said mortgage, trust deed, or other instrument above referred to, notifies said Lessor in writing that such mortgage, deed, or other instrument has been executed and delivered by the Lessee to it, together with the address to which it desires them to be sent, that he, the Lessor, will send to the said holder, at the address specified, copies of all written notices or demands which he may serve upon the said Lessee under and pursuant to the terms of this Lease or otherwise.

(c) In the event of default or breach of the terms, covenants, or conditions of any mortgage, trust deed, or other instrument as above provided, the holder of such mortgage, trust deed, or other instrument may take possession of the demised premises, either by foreclosure, or any other means provided in the instrument or by law, and said holder of the mortgage, trust deed, or other instrument shall be subrogated to all the rights of the Lessee under the Lease.

(d) However, the mortgage or trustee above referred shall in no way be liable to the lessor for the payment of any rents or additional rents or for the performance of any other covenants, terms, or conditions under this Lease until such time as it shall acquire, by conveyance from the Lessee or by foreclosure or other proceedings provided by law or the terms of the mortgage or deed of trust, all the right, title, and interest of the Lessee under this Lease; but any person who shall acquire said right, title, and interest of the Lessee as above provided shall thereupon and thereby become liable for the full performance and payments provided for and required under the covenants, terms, and conditions of this Lease as fully and completely and to the same extent as the Lessee himself would have been if he still had retained his right, title, and interest thereunder.

Taxes

7. (a) Lessee shall punctually pay and discharge, as additional rent, all real estate taxes, assessments, water rents, and charges, and governmental impositions, duties, and charges of every kind and nature whatsoever, which shall or may during the term of this Lease be charged, laid, levied, assessed, or imposed upon, or become a lien upon the demised premises or upon any building or appurtenances constructed thereon by Lessee, and all gas, electricity, or other service or services furnished to the demised premises or the occupants thereof during the term hereof. Nothing herein contained shall require Lessee to pay the amount of any real estate taxes, assessments, water rents and charges, and government impositions, duties, and charges which are charged to the value of property retained by Lessor and not conveyed to Lessee under the terms of this Lease; nor shall anything contained herein require Lessee to pay any gas, electricity, or other service or services furnished to the property retained by Lessor and not conveyed to Lessee under the terms of this Lease.

(b) Lessee shall be responsible for general real estate taxes charged to the leasehold for the period of the leasehold, subject to the rights specified in Section 7(c) below.

(c) Lessee shall have the right to contest or review by legal proceedings or in such other manner as may be legal any tax, assessment, water rent or charge, or other governmental imposition aforementioned. Lessee shall pay all such items (under protest) at least ninety (90) days before the time when the demised premises or any part thereof might be forfeited. The legal proceedings herein referred to shall include appropriate *certiorari* proceedings and appeals from any orders or judgments therein, but all such proceedings shall be begun as soon as reasonably possible after imposition or assessment of any contested items.

Alterations

9. (a) Lessee may make alterations, changes, additions, and improvements to the building to be constructed upon the demised premises provided:

(1) The same does not lessen the value of said building;

(2) That the same shall be made in accordance with plans and specifications therefor; and, if such alteration, change, addition, or improvement is substantial, the plans must first be submitted to and approved by Lessor;

(3) That before commencing any such work, said plans and specifications shall be filed with and approved by all municipal or other governmental departments or authorities having jurisdiction thereof, and the written consent of HUD must be procured by Lessee and delivered to

Lessor if required by the regulations of HUD; and, upon request of Lessee, Lessor will join in any such application to HUD and use all reasonable efforts to obtain such consent;

(4) That Lessee shall pay the increased premium, if any, charged by the insurance companies carrying insurance policies on said building, to cover the additional risk during the course of said work.

(b) All such alterations, changes, additions, and improvements made by Lessee will be the property of Lessee during the term of this Lease and thereafter shall be and become the property of Lessor.

(c) All the machinery and equipment, if any, and all appurtenances thereto installed or affixed on or to the demised premises, or any part thereof, at the commencement of the term hereof, are deemed the property of the Lessee during the term of this Lease; and any machinery and equipment and appurtenances thereto that thereafter may be installed or affixed on or to the demised premises, or any part thereof, by Lessee and used in connection therewith shall be part of the demised premises and shall be the property of the Lessee during the term of this Lease. At the expiration of this Lease, any machinery, equipment, and appurtenances which are then part of the demised premises shall be and become the property of the Lessor; and thereafter such machinery, equipment, and appurtenances shall not be removed by Lessee without prior written consent of Lessor. Movable furniture and equipment, however, shall remain Lessee's property at all times and may be removed at the termination of this Lease.

Maintenance

10. (a) Lessee shall, at Lessee's expense, put, keep, and maintain, in thorough repair and good and safe condition, the building and improvements constructed on the demised premises, and its full equipment and appurtenances, and each and every part thereof, and shall use reasonable precaution to prevent waste, damage, or injury.

In addition to the foregoing, Lessee shall indemnify and save harmless Lessor from and against any and all costs, expenses, claims, losses, damages, fines, or penalties because of or due to Lessee's failure to comply with the foregoing.

(b) If, because of any act or omission of Lessee, any mechanic's or other lien or order for payment of money shall be filed against the demised premises or any building or improvement thereon or against Lessor, Lessee shall, at Lessee's own cost and expense, cause the same to be cancelled and discharged or recorded or bonded within thirty (30) days after the date of filing thereof; and, further, Lessee shall indemnify and save harmless the Lessor from and against any and all costs, expenses, claims, losses, or damages resulting therefrom or by reason thereof.

Laws and Ordinances

11. During the term hereof, Lessee shall, at Lessee's own cost and expense, promptly observe and comply with all present or future laws, rules, requirements, orders, directions, ordinances, and regulations of the United States of America or the state, county, or city governments, or of any other municipal, governmental, or lawful authority whatsoever, affecting the demised premises or appurtenances, or any part thereof, and of any and all of its or their departments, bureaus, or officials, and of all insurance companies writing policies covering the demised premises.

Lessee may contest the validity of any such law, rule, requirement, order, ordinance, or regulation; and, if noncompliance therewith shall not constitute a crime or misdemeanor, such noncompliance by Lessee during such contest shall not be deemed a breach of the covenants contained in this Paragraph 11.

Insurance

12. (a) During the term hereof, Lessee shall, at Lessee's own cost and expense:

(1) Keep the buildings hereafter erected upon the demised premises, and all alterations, changes, additions, and improvements, insured against loss or damage by fire, in an amount equal to the full insurable value thereof, all policies of which shall provide that loss, if any, payable thereunder shall be payable to Lessor and Lessee as their respective interests appear. If required under any agreement of mortgage, trust deed, or any other instrument all rights of Lessee to payments for loss thereunder may be assigned to the holder of said mortgage, trust deed, or other instrument. All said policies shall be taken in such responsible companies authorized to do business in the State of Illinois as Lessor and HUD shall approve and in a form satisfactory to Lessor and HUD.

(2) Provide and keep in force general accident, public liability, elevator, and sidewalk hoist insurance, fully protecting against any and all liability occasioned by accident or disaster, and such accident and liability insurance shall cover the entire building and demised premises. Policies covering Lessee and Lessor as their respective interests may appear, and otherwise in the form herein provided, shall be deemed to be in compliance with the provisions of this covenant.

(b) Lessee shall not violate or permit to be violated any of the conditions or provisions of any of said policies.

(c) Lessee shall cooperate with Lessor in connection with the collection of any insurance moneys that may be required for the purpose of facilitating recovery of any such insurance moneys. Lessor shall cooperate with Lessee in the same manner and to the same extent as Lessee is required to cooperate hereunder.

Liability

13. Lessor shall not be liable for any injury or damage to any person happening on or about the demised premises, or for any injury or damage to the demised premises, or to any property of Lessee, or to any property of any other person on or about the demised premises, where such injury or damage was not caused by an act or omission by Lessor or its agents or servants, and Lessee shall indemnify and hold harmless the Lessor for any claims, suits or actions taken to establish a liability against the Lessor where the Lessor, its agents and employees have not been negligent.

Fire and Other

14. (a) If the demised premises or any building or improvements standing or erected thereon shall be destroyed or damaged in whole or in part as a result of a casualty or hazard against which Lessee is required to carry insurance, and if the whole or any portion of the proceeds of such insurance policies are due or required to be payable either to the Lessor and/or any mortgagee, Lessee shall give immediate notice thereof to the Lessor, and Lessee shall promptly repair, replace, and rebuild the same to the extent of the proceeds from such insurance policy, and as nearly as possible to the character of the building or improvements existing immediately prior to such occurrence. Such repairs, replacement, or rebuilding shall be made by Lessee as aforesaid and in accordance with the terms and conditions of Paragraph 9. In addition:

(1) Lessee shall give Lessor at least ten (10) days' notice prior to commencing such work; and

(2) Such work shall be commenced within one hundred twenty (120) days after the date of any such loss, damage, or destruction and shall be completed within a reasonable time.

(b) For the purpose of contributing to the cost of such repairs, replacement, or rebuilding, Lessor shall pay to Lessee, as Lessee shall make such repair, replacement, or rebuilding, and during the progress of such work, and upon Lessee's written requisitions accompanied by certificates of an architect or engineer satisfactory to Lessor certifying that such work is in accordance with said plans and specifications and is in place and paid for, sums equal in the aggregate to the net insurance proceeds, if any, paid to and received by Lessor and any mortgage under insurance policies covering such loss and furnished by Lessee under Paragraph 12 hereof. Under no circumstances will Lessee's obligation to repair, replace, or rebuild exceed the value of any proceeds from said insurance policy. If, in the course of such work, any mechanic's lien or order for the payment of money shall be filed against the demised premises, or any building or improvement thereon, or against Lessor, or if Lessee shall be in default in the performance of any of the terms, covenants, or conditions of this Lease, Lessor shall not be obliged to make any payment to Lessee of such insurance proceeds until and unless such mechanic's or other lien or order shall have been fully bonded, satisfied, cancelled, or discharged of record and until such default shall have been cured.

(c) If the work of repairing, replacing, or rebuilding said damaged or destroyed building or improvements shall not have been commenced within one hundred twenty (120) days from the date of any such loss, damage, or destruction or after commencement shall not be expeditiously proceeded with, Lessor shall have the right to terminate this Lease and the term hereof by giving to Lessee not less than thirty (30) days' written notice of such intention, it being agreed that, upon the expiration of the date fixed in such notice, if such work shall not have been commenced and the other conditions hereof complied with, or if after commencement such work shall not have been expeditiously proceeded with, this Lease and the term hereby granted shall wholly cease and expire; and the insurance proceeds received and receivable under any and all policies of insurance shall belong to and be retained by Lessor or any mortgagee to whom the same may be payable, as their interests may appear, without claim thereon by Lessee.

(d) In case the buildings and improvements now or hereafter erected on the demised premises shall be damaged or destroyed as a result of a hazard described in subdivision (a) of this Paragraph 14 to an extent in excess of fifty (50%) percent of their then insurable value and such damage or destruction shall occur during the last five (5) years of the original or any extended term hereunder, then either party may at its option cancel and terminate this Lease and the term hereof by giving to the other party five (5) days' notice thereof within thirty (30) days after the date of any such loss, damage, or destruction. If said option shall be exercised by either party, this Lease shall wholly cease and expire on the date specified in such notice; in which event Lessee shall not be obligated to rebuild. The insurance proceeds received and receivable under any and all policies of insurance shall belong to and be retained by Lessee, Lessor, or any mortgagee to whom the same may be payable, as their respective interests may appear; and all taxes, rents, and other charges shall be prorated and paid to the date specified in such notice. Notwithstanding the foregoing, if either (i) at the time of the damage or destruction herein referred to Lessee shall have exercised its option, if any, to renew this lease for a further term, or (ii) the time of the Lessee to exercise its option to renew is within thirty (30) days after such damage or destruction, neither party shall have the foregoing right of termination and any notice of termination theretofore given by Lessor shall be ineffective.

(e) If all or a portion of the demised premises or the buildings or improvements thereon are destroyed or so damaged or injured by reason of any cause other than a hazard described in Paragraph 14(a) as to be untenantable and unfit for occupancy, and such destruction, damage, or injury shall occur without the Lessee's fault or neglect, and the portion of the premises remaining shall be insufficient for the reasonable operation of Lessee's facility, Lessor may, at his election to be exercised within thirty (30) days thereafter by notice in writing to Lessee, terminate this Lease. In the event of such notice, the Lease shall terminate five (5) days after such notice as fully as if that were the date originally fixed for the expiration of the term; and thereafter Lessor may regain possession of the premises by force, summary proceedings, or any means whatsoever. In such event, all fixed rent, additional rent, and other charges shall be prorated to the date of such termination.

In the event that Lessor does not exercise the foregoing right of termination, or in the event that the portion of the premises remaining shall be sufficient for the reasonable operation of Lessee's housing facility, Lessor shall promptly restore such premises as nearly as possible to their condition prior to such destruction, damage or injury.

(f) If the work of repairing, replacing, or rebuilding said damaged or destroyed building or improvements shall not have been commenced within one hundred twenty (120) days from the date of any such loss, damage, or destruction, or if commencement shall not be expeditiously proceeded with, Lessee shall have the right to terminate this Lease and the term hereof by giving to Lessor and HUD not less than sixty (60) days' written notice of such intention, it being agreed that upon the expiration of the date fixed in such notice, if such work shall not have been commenced and the other conditions hereof complied with, or if after commencing such work shall not have been expeditously proceeded with, this Lease and the term hereby granted shall wholly cease and expire.

(g) In the event of any destruction, damage, or injury to the demised or the buildings or improvements thereon by reason of any cause other than a hazard described in Paragraph 14(a), and if such destruction, damage, or injury shall occur without Lessee's fault or neglect, the fixed and additional rent during the period of such destruction, damage, or injury, and the restoration of the premises, shall abate in the proportion which the rental value of the untenantable space bears to the rental value of the entire premises.

Excavation

15. Lessor covenants and agrees to permit and allow Lessee to engage in any excavation into the ground in order to construct, repair, alter, or improve the building to be constructed upon the demised premises by Lessee. Lessor further agrees to the location of pillars, sheer walls, and columns upon such ground which are necessary to support the building or improvement erected by Lessee. Lessor further covenants and agrees to permit and allow the hook-up of any and all necessary utilities to the improvements constructed upon the demised premises.

Inspection

16. Lessee shall permit Lessor or Lessor's agents to enter the demised premises at reasonable hours for the purpose of inspecting the same or making repairs that Lessee may neglect or refuse to make in accordance with the terms, covenants, and conditions of this Lease.

Default

17. (a) Anything to the contrary notwithstanding, if Lessee shall fail to pay to Lessor any installment of fixed rent, or other charges as and

when the same are required to be paid hereunder, and such default shall continue for a period of fifteen (15) days after notice, or if Lessee shall default in the performance of any of the other terms, covenants, or conditions of this Lease, and such default shall continue for a period of thirty (30) days after notice (except if Lessee shall, within said period of time, commence to remedy such default), or if any execution or attachment shall be issued against Lessee or any of Lessee's property whereby the demised premises shall be taken or occupied or attempted to be taken or occupied by other than Lessee, or if Lessee shall vacate and abandon the demised premises, or if this Lease or the estate of Lessee hereunder shall be transferred or pass to or devolve upon any other person, firm, or corporation (except by merger or consolidation), or if Lessee shall assign this Lease except in the manner provided in this Lease, Lessor shall have the right, at Lessor's option, to terminate this Lease and the term hereof, as well as all the right, title, and interest of Lessee hereunder, by giving Lessee thirty (30) days' notice in writing of such intention. Upon the expiration of the time fixed in such latter notice, if Lessee has neither cured such default nor is diligently proceeding to cure such default, this Lease and the term hereof, as well as all the right, title, and interest of Lessee hereunder, shall wholly cease and expire in the same manner and with the same force and effect (except as to Lessee's liability) as if the date fixed by such latter notice were the expiration of the term herein originally granted; and Lessee shall immediately quit and surrender to Lessor the demised premises and each and every part thereof, and Lessor may enter into or repossess the demised premises, whether by force, summary proceedings, or otherwise. The right granted to Lessor in this Paragraph or any other paragraph of this Lease to terminate this Lease shall apply to any extension of renewal of the term hereby granted, and the exercise of any such right by Lessor during the term hereby granted, shall terminate any extension or renewal of the term hereby granted and any right on the part of Lessee thereto.

(b) Subject to the provisions of Paragraph 32, if the demised premises shall be vacated or abandoned, or in the event of a cancellation or termination based on a default of Lessee as above provided, Lessee shall, nevertheless, remain and continue to be liable to Lessor in a sum equal to all fixed rent herein reserved for the balance of the term herein originally granted. Lessor may re-enter the demised premises in such manner as Lessor may seem necessary or advisable and/or let or re-let the demised premises or any or all parts thereof for the whole or any part of the remainder of the original term hereof or for a longer period, in Lessor's name, or as the agent of Lessee. Out of any rent so collected or received, Lessor shall, first, pay to itself the expense of cost of retaking, repossessing, repairing, and/or altering the demised premises and the expense of removing all persons and property therefrom; and, second, pay to itself any cost or expense sustained in securing any new tenant or tenants; and, third, pay to itself any balance remaining on account of the liability of Lessee to Lessor for the sum equal to the rents reserved herein and then unpaid by Lessee for the remainder of the term originally herein demised.

(c) Alternatively, Lessor may take possession of the demised premises and operate the same itself, collecting and retaining any income obtained therefrom. In such event, this Lease shall cease and terminate as if the term had naturally expired.

Surrender

18. On the last day of the term hereof, or on the earlier termination thereof, Lessee shall peaceably and quietly leave, surrender, and deliver up to Lessor the demised premises, broomclean, together with the building or any new building and all alterations, changes, additions, and improvements which may have been made upon the premises (except movable furniture and equipment or movable trade fixtures put in at the expense of the Lessee), in thorough repair, good order, and safe condition. Lessee, on or before said date, shall remove all of Lessee's personal property from the demised premises, and all property not so removed shall be deemed to have been abandoned and may be appropriated, sold, stored, destroyed, or otherwise disposed of by Lessor without notice to Lessee and without obligation to account therefor. Lessee shall pay to Lessor the cost incurred by Lessor in removing, selling, storing, destroying, or otherwise disposing of any such personal property. In the event that this Lease is cancelled or terminated by Lessor by notice pursuant to any provision hereof, Lessee shall have thirty (30) days after the giving of such notice to remove all of Lessee's personal property and movable trade fixtures from the premises.

Quiet Enjoyment

19. Lessor covenants that, if and so long as Lessee pays fixed rent, and other charges required by this Lease, and performs all the terms, covenants, and conditions of this Lease on the part of Lessee to be performed, Lessee shall quietly enjoy the demised premises, subject, however, to the terms of this Lease.

HUD Approval

20. This Lease shall be subject to the approval of HUD; and, unless this Lease is amended to conform with any order, requirements, or regulations of said HUD, it shall cease and terminate as if it had naturally expired.

Law Applicable

21. Other than as provided in Paragraph 20, this Lease shall be governed by and construed in accordance with the laws of, or applicable to, the State of Illinois.

Entire Agreement

22. This Lease contains the entire agreement between the parties and shall not be modified in any manner except by an instrument in writing executed by the parties or other respective successors in interest.

Notices

23. All notices, demands, and communications hereunder shall be served or given by registered mail and shall be addressed to such address as may be requested by Lessor or Lessee in writing. Any notice given hereunder by mail shall be deemed delivered when deposited in a United States general or branch office, enclosed in a registered prepaid wrapper, addressed as above provided.

No Disqualification

24. Lessor and Lessee represent and warrant that they are not disqualified under federal, state, or other laws, or under the rules or regulations of any governmental department or authority from acquiring, owning, leasing, and holding any interest in real property.

Tenant's Right to Renew

25. In the event that Lessee is granted an extension period on the mortgage securing the Section 202 program loan (the original term of which shall not exceed forty (40) years) which extends the mortgage beyond the original seventy-five year term of this Lease, this Lease shall be renewed for the period which said mortgage extension shall exceed the original seventy-five (75) year term of this Lease. Said extension shall commence on the expiration of the present term, upon the same terms, covenants, conditions, and at the same rental, as herein provided.

Benefit

26. The terms, covenants, and conditions contained in this Lease and in any schedules and riders hereto annexed shall bind and inure to the benefit of Lessor and Lessee and their respective successors.

Words of any Gender

27. Words of any gender in this Lease shall be held to include any other gender, and words in singular number shall be held to include the plural when the sense requires.

Lessor's Consent

28. Whenever Lessor's consent in writing to any act to be performed by Lessee is required under this Lease, Lessor agrees that its consent will not be unreasonably withheld.

Termination by Lessee

32. In the event of any termination of this Lease by Lessee pursuant to Paragraphs 29, 30, or 31 hereof, the same shall be at an end as fully as if the term had completely expired; the Lessor may regain possession of the premises by force, summary proceedings, or other means; and neither party shall be under any obligation to the other except:

At any time after two (2) months from the date a notice of default is given to the Secretary of Housing and Urban Development or her designee, the Lessor may elect to terminate the Lease and acquire possession of the demised premises. Upon acquiring possession of the demised premises, Lessor shall notify the Secretary of Housing and Urban Development. WHEREAS, The record snowfall of January, 1979, created many problems which the City government of Chicago must continually alleviate; and

WHEREAS, While the efforts of Mayor Jane M. Byrne and her administration have been largely successful in ridding our great city of the debris which accumulated after the severe winter, with special weekend clean-up programs which reached most neighborhoods, and while the program of removing collapsed, uninsured private garages has been ongoing under the supervision of the Demolition Division of the City of Chicago Department of Streets and Sanitation, there is still evidence in many communities of garage buildings in such hazardous condition as to be unsafe for the general welfare; now, therefore,

Be It Resolved, That the City of Chicago Streets Department is hereby urgently requested to provide additional manpower to accelerate and remove collapsed private garages which are an easily provable and recognizable, hazard to our fine citizenry, and to do so in all haste and dispatch; and

Housing Code

Declaration of Policy

78-10 The purpose of this ordinance is to protect public health, safety, comfort, morals and welfare of the people of the City of Chicago, by enacting a housing code which establishes for all buildings used for housing:

(a) Minimum standards for cooking, heating and sanitary equipment necessary and expedient to promote health, suppress disease and protect safety of occupants of such buildings, and of neighboring properties;

(b) Facilities for ventilation, light, space and means of egress which promote health and preserve safety;

(c) Minimum standards of maintenance and responsibilities of owners, operators and occupants of dwellings for such maintenance which promote health and safety and aid in the enforecement of such standards;

(d) Minimum standards essential to health, safety and welfare which are uniform in application to all dwellings whenever constructed so that with the resulting uniformity, simplicity and certainty, owners, operators and tenants are better able to determine the applicability of the law to them and the laws applicable to housing are administratively more convenient to enforce.

The City Council Finds That

(a) There exists in the city numerous dwellings which are substandard in one or more important features of structure, equipment, maintenance and occupancy;

(b) Such conditions adversely affect public health and safety;

(c) Such conditions contribute to the rapid deterioration and declining desirability of many residential areas of our city and tend to produce blight and slums;

(d) Such conditions conflict with Conservation Programs designed to prevent slums and conserve residential areas;

(e) Adequate protection of public health, safety, comfort and welfare (the maintenance of a workable program) for prevention of slums and conservation of our city required the establishment and enforcement of minimum housing standards applicable to all dwelling units in this city.

Applicability of Housing Code

78-11 Section 78-11 through 78-21.3 of this Chapter are referred to within said sections as the housing code of the City of Chicago. This housing code is applicable to occupancy for residential purposes of any building, whether or not such building was erected, altered or converted in full or substantial compliance with ordinances in force at the time of its erection, alteration or conversion and whether or not such building was erected, altered or converted prior to the effective date of this housing code. Whenever any such ordinance impose higher standards of health and safety than the standards imposed by this housing code, this housing code does not make a continued violation of such ordinance legal, nor does this housing code permit any building which complies with such ordinance to be altered or converted, as to either structure or occupancy, to conform to any lower standards imposed by this housing code. The requirements imposed by this housing code shall be in addition to other applicable requirements for existing buildings imposed by other provisions of this chapter.

Sanitation, Water and Heating

If within fourteen days from the date of mailing of the notice of violation, the necessary repairs have not been made, the Commissioner of Buildings may proceed to do or have done whatever work is necessary to eliminate the lead hazard and to charge the owner for any expense incurred. The Corporation Counsel upon request of the City Comptroller will take the appropriate action to recover the costs of repairs incurred by the City from the owner.

The Bond then so exchanged shall be cancelled by the Fiscal Agent.

The negotiable coupon Bonds shall be payable to bearer, provided, however, that such Bonds may be registered as to principal only in the name of the holder thereof on the banks of the Fiscal Agent at which time such registration shall be noted on the Bonds by the Fiscal Agent and thereafter the principal of such Bonds shall be payable only to the registered holder, his legal representatives or assigns. As and when any amount invested pursuant to this Section may be needed for disbursement, the Company may direct the Fiscal Agent to cause a sufficient amount of the investments to be sold and reduced to cash to the credit of such funds regardless of the loss on such liquidation.

The Bond and the obligation to pay interest thereon do not now and shall never constitute an indebtedness or a loan of credit of the Issuer, the State of Illinois or any political subdivision thereof, or a charge against their general taxing powers, within the meaning of any constitutional or statutory provisions of the State of Illinois, but shall be secured as aforesaid, and are payable solely from the revenues and receipts from the Agreement and the Note.

Payments and redemption of installments of principal and payment of interest shall be noted by the Bank on the Payment Record—Schedule "A" made a part of this Bond as provided in the Ordinance hereinafter identified pursuant to which this Bond is issued. The Bank or its assigns or any other holder shall make this Bond available for inspection at the principal office of the Bank in Chicago, Illinois at the request of the Issuer or the Company (as hereinafter defined).

This Bond is issued in the principal sum of $600,000 and designated "Industrial Revenue Bond, Series 1979 (Juneau Building Company Project)" pursuant to the hereinafter described Enabling Ordinance and to an Ordinance duly adopted by the governing body of the Issuer on ....., 1979 (the "Ordinance") for the purpose of providing funds to finance the cost of constructing an industrial building (such building being hereinafter called the "Project") and paying expenses incidental thereto, to the end that the Issuer may be able to relieve conditions of unemployment and encourage the increase of industry within the City of Chicago, Illinois. The proceeds of the Bond will be used by the Issuer to pay or reimburse Juneau Building Company (hereinafter called the "Company"), a partnership organized and existing under the laws of the State of Illinois, for a portion of the costs of the construction of the Project, under the terms of a Loan Agreement, dated as of August 1, 1979 (which agreement, as from time to time supplemented and amended, is hereinafter referred to as the "Agreement"). The Company intends to lease the project to Power Parts Company, an Illinois corporation related to the Company (hereinafter called the "Related Company"), pursuant to the terms of a Lease Agreement (hereinafter the "Lease") dated as of August 1, 1979, by and between LaSalle National Bank, as Trustee under Trust No. 51018 of which the Company is sole beneficiary and the Related Company, for use as an industrial distribution facility, to which the Company has consented.

This Bond is secured by a pledge and assignment of revenues and receipts derived by the Issuer from the repayment of the loan by the Company and other revenues and receipts derived pursuant to the Agreement and the Note (the "Note") issued by the Company thereunder, and is further secured by an assignment of rents from the leasing of the Project, as more fully described in the Ordinance. Reference is made to the Ordinance for a description of the provisions, among others, with respect to the nature and extent of the security, the rights, duties and obligations of the Issuer, the rights of the owner of this Bond, and the terms on which this Bond is or may be issued and to all the provisions of which the owner hereof by the acceptance of this Bond assents.

Upon at least 30 days' prior written notice given by the Company on behalf of the Issuer to the Bank, the principal of this Bond is subject to prior redemption on any interest payment date in whole, or in part in inverse order of maturity of principal installments, at a price of 100% of the principal amount being redeemed, plus accrued interest to the date fixed for redemption and without premium, in the event the Company exercises its option to prepay the Note or a portion thereof as a result of damage and destruction or condemnation as provided in the Agreement.

Upon prior written notice as aforesaid, principal installments of this Bond are subject to prior redemption, at the option of the Issuer on February 1, 1980 and on any date thereafter, in whole, or in part in inverse order of maturity, at a prepayment price of par plus accrued interest to the date of prepayment, plus a premium expressed as a percentage of par, as follows:

Prepayment Date	*Premium*
February 1, 1980 to July 31, 1980	3.00%
August 1, 1980 to July 31, 1981	2¼%
August 1, 1981 to July 31, 1982	1½%
August 1, 1982 to July 31, 1983	¾%
August 1, 1983 and thereafter	None.

This Bond is issued pursuant to and in full compliance with the Constitution and laws of the State of Illinois, particularly Chapter 15.2 of the Municipal Code of the City of Chicago (the "Enabling Ordinance"), as supplemented and amended. This Bond and the obligation to pay interest thereon are limited obligations of the Issuer, secured as aforesaid and payable solely out of the revenues and receipts derived from the Agreement and otherwise as provided in the Ordinance and Agreement. This Bond and the obligation to pay interest thereon shall not be deemed to constitute an indebtedness or a loan of credit of the Issuer, the State of Illinois or any political subdivision thereof, or a charge against their general taxing powers, within the meaning of any constitutional or statutory provision of the State of Illinois. Pursuant to the provisions of the Agreement, payments sufficient for the prompt payment when due of the principal installments of and interest on this Bond are to be paid by the Company to the Bank for the account of the Issuer and deposited in a special account created by the Issuer and designated "City of Chicago, Illinois, Bond Fund (Juneau Building Company Project)", and all revenues and receipts accruing from the repayment of the loan by the Company under the Agreement have been duly pledged and assigned to the Bank for that purpose, under the Ordinance, to secure payment of such principal installments and interest.

In certain events, on the conditions, in the manner and with the effect set forth in the Ordinance, the principal installments of this Bond may become or may be declared due and payable before the stated maturity thereof, together with interest accrued thereon.

Modifications, alterations or amendment of the provisions of the Ordinance may be made only to the extent and in the circumstances permitted by the Ordinance.

The Agreement and the revenues and receipts thereof, including all moneys received under its terms and conditions and the Note therein authorized, are to be sufficient to pay the principal installments of and interest on the Bond hereby authorized, and are hereby pledged and ordered paid into the Bond Fund as specified in Section 7 hereof. Revenues: Bond Fund.

SECTION 7. The Bond and all payments required of the Issuer hereunder are not general obligations of the Issuer but are special and limited obligations secured by the Agreement and the Note and an assignment of rents from the leasing of the Project by the Company to the Related Company, and payable by the Issuer solely and only out of the revenues and receipts derived from the Agreement and the Note as provided herein.

There is hereby created by the Issuer and ordered established with the Bank, as depositary, a special fund to be designated "City of Chicago, Illinois, Bond Fund (Juneau Building Company Project)" (herein sometimes referred to as the "Bond Fund"), which shall be used to pay the principal installments of and the interest on the Bond.

Nothing herein shall be construed as requiring the Issuer to operate the Project or to use any funds or revenues from any source other than funds and revenues derived from the Agreement.

Any amounts remaining in the Bond Fund, after payment in full of the principal installments of and interest on the Bond (or provision for payment thereof as provided in this Ordinance) and the charges and expenses of the Bank, shall be paid to the Company as provided herein and in Section 9.5 of the Agreement.

Assignment and Assignment of Rents.

SECTION 8. As security for the due and punctual payment of the principal installments of and interest on the Bond hereby authorized, the Issuer hereby assigns and pledges to the Bank all revenues and receipts derived by the Issuer pursuant to the Agreement and the Note (except any payment made pursuant to Section 5.3 of the Agree-

As and when any amount invested pursuant to this Section may be deeded for disbursement, the Authorized Company Representative may direct the Bank to cause a sufficient amount of investments to be sold and reduced to cash to the credit of such funds regardless of the loss on such liquidation.

With respect to Section 103(c) of the Code, the Company has made certain certifications and representations to the Issuer in Section 3.6 of the Agreement, which certifications and representations by this reference are incorporated herein and made a part hereof and the governing body of the Issuer, acting in reliance on such certifications and representations, adopts and ratifies such certifications and representations and hereby covenants with the purchaser and the owners of the Bond that so long as any principal installment of the Bond remains unpaid, the governing body of the Issuer will not take or authorize the taking of any action which will cause the Bond to be classified as an "arbitrage bond" within the meaning of Section 103(c) of the Code and any lawful regulations promulgated or proposed thereunder, including Section 1.103-13, Section 1.103-14 and Section 1.103-15 of the Income Tax Regulations (26 C.F.R., Part 1) as the same presently exist, or may from time to time hereafter be amended, supplemented or revised.

AMOUNT AND AUTHORIZED USES OF GRANT FUNDS

Section 2.01 Grant Assistance Provided

In consideration of the various obligations undertaken by the Recipient pursuant to this Grant Agreement, and in consideration of the obligations to be undertaken by Participating Parties, as represented by the Recipient in the Application, the Secretary agrees, subject to the terms and conditions set forth herein, to provide the Recipient with grant funds in the amount specified in Exhibit A to this Grant Agreement.

Section 2.02 Authorized Uses of Grant Funds

The funds provided to the Recipient pursuant to this Grant Agreement shall be used in connection with the UDAG Funded Activities described and depicted in Exhibit B to this Grant Agreement and shall be so used solely for the authorized purposes described in Exhibit D to this Grant Agreement.

Section 2.03 Adjustments to Grant Funds

The amount of grant funds which the Secretary has agreed to provide to the Recipient under this Grant Agreement has been determined by the Secretary, in part, in reliance upon the cost estimates of the Recipient with respect to the UDAG Funded Activities set forth in the Application, and in part, in reliance upon the investment estimates of Participating Parties with respect to the Non-UDAG Funded Activities and UDAG Funded Activities set forth in the Application. The Secretary reserves the right to reduce the amount of funds granted under this Grant Agreement (i) to conform to any revision to which the Recipient and the Secretary may agree with respect to Exhibits B, C or D to this Grant Agreement, or (ii) if the actual costs for UDAG Funded Activities are lower than those set forth in Exhibits B or D to this Grant Agreement.

Section 2.04 Recipient's Use of Grant Revenues

(a) The Secretary shall have the right to require all Grant Revenues received by the Recipient, or by any Participating Party, prior to the completion of all UDAG Funded Activities, to be deposited in escrow under arrangements approved by the Secretary, in order to provide funds to assure completion of the UDAG Funded Activities. The Secretary may exercise said right either by specifying such requirement at Exhibit A to this Grant Agreement, or by separate written instructions to the Recipient delivered

at any time prior to the completion of all UDAG Funded Activities and the draw of funds to reimburse costs incurred for such activities.

(b) Unless otherwise specifically authorized or required at Exhibit A to this Grant Agreement, all Grant Revenues which are received by the Recipient, or by any Participating Party, during the term of this Grant Agreement and prior to completion of all UDAG Funded Activities, shall be used to reimburse costs incurred for UDAG Funded Activities. Such Grant Revenues shall be so used in place and instead of any draw under the Letter of Credit, to the extent adequate to reimburse costs so incurred.

(c) Unless otherwise specifically authorized or required at Exhibit A to this Grant Agreement, all Grant Revenues received by the Recipient, or by any Participating Party, after the completion of all UDAG Funded Activities, shall be used by the Recipient, or by the Participating Party subject to the approval of the Recipient, for community or economic development activities which would be eligible for assistance under Title I of the Act.

ARTICLE III

DISBURSEMENT OF GRANT FUNDS

Section 3.01 Letter of Credit Procedures

(a) Promptly after it has become effective and the Secretary has received, from the Recipient, not less than three (3) fully executed copies of this Grant Agreement, the Secretary shall cause a Letter of Credit to be issued to the Recipient by the Department of the Treasury, or shall cause the Letter of Credit previously issued to the Recipient by the Department of the Treasury with respect to the Community Development Block Grant Program under Title I of the Act to be increased, in accordance with procedures established by the Department of the Treasury, in an amount not to exceed the amount of grant funds referenced in Section 2.01 and specified in Exhibit A to this Grant Agreement.

(b) The issuance or increase of a Letter of Credit shall not, thereby, authorize the Recipient to use such Letter of Credit or to reimburse any costs out of funds of this grant. The authorization to use the Letter of Credit and to reimburse costs out of grant funds shall be governed by the provisions of Section 3.05 of this Grant Agreement and shall be subject to all conditions precedent to the Recipient's draw of funds which are specified in Section 3.06 of this Grant Agreement. The Recipient shall not draw upon the Letter of Credit unless and until the Secretary has so authorized the Recipient, pursuant to Section 3.04 of this Grant Agreement.

(c) The Recipient is authorized to draw funds against the Letter of Credit only in accordance with the provisions of this Grant Agreement and the procedures established by the Secretary and the Department of the Treasury. No payment by the Department of the Treasury of an improper or unauthorized draw to the Recipient shall, to any extent, constitute a waiver of the right of the Secretary subsequently to challenge the validity of such draw, to enforce all rights and remedies set forth in Article VII of this Grant Agreement, or to take corrective or remedial administrative action pursuant to the UDAG Regulations, which action may include, without limitation, suspension or termination of the Recipient's funding under this Grant Agreement.

(d) The disposition of any funds provided under this Grant Agreement that remain available under the Letter of Credit following completion of the UDAG Funded Activities or the termination of this Grant Agreement by the Secretary or its termination for any cause shall be in accordance with close-out procedures then in effect or established by the Secretary, and the Recipient shall neither have nor retain any rights whatsoever with respect to such funds by virtue of this Grant Agreement.

Section 3.02 Incurring Costs for UDAG Funded Activities

(a) This grant and the use of grant funds are conditioned upon the Recipient incurring costs which are to be reimbursed under this grant only in accordance with the authority specified in this Grant Agreement, or otherwise approved by the Secretary in writing. The incurring of costs to be reimbursed out of funds of this grant shall be governed by the following:

(1) Eligible administrative costs, including, but not limited to, costs of Environmental Studies, may be incurred before or after the date of this Grant Agreement.

(2) Except for eligible administrative costs, including costs of Environmental Studies, and except as specified at paragraph (3) of this subsection (a), below, no costs to be reimbursed out of funds of this grant may be incurred by the Recipient or by any Participating Party, until all of the Environmental Conditions of this Grant Agreement have been fully satisfied, including the issuance by the Secretary of all required environmental releases, in accordance with Section 8.02 of this Grant Agreement.

(3) If the Recipient has not satisfied all of the Environmental Conditions, or the Secretary has not issued the required releases, as aforesaid, then, after the effective date of this Grant Agreement and until all of the Environmental Conditions have been satisfied and said releases issued,

the only costs to be reimbursed out of grant funds which may be incurred by the Recipient or by Participating Parties (other than for administration and for Environmental Studies) shall be as follows:

(i) Eligible Costs for the development of plans or designs, or for the performance of other work necessary to support an application for any Federal, State or local permits, or assistance, or to support an application for debt financing.

(ii) Eligible Costs not affecting the environment which, by their nature, in the ordinary course of events, involve critical time limitations or requirements (e.g., long leadtime equipment or material purchase orders; expiring purchase options; solicitations for bids).

(iii) Eligible Costs for any other activities which are catagorical exclusions or are otherwise exempted from the Environmental Requirements by any provision in 24 C.F.R. Part 58.

(4) After the Recipient has satisfied all of the Environmental Conditions and the Secretary has issued the required environmental releases, as aforesaid, then, at any time after the effective date of this Grant Agreement, the Recipient and the Participating Parties may incur Eligible Costs which are to be reimbursed out of funds of this grant.

(b) The authorization in subsection (a) of this Section 3.02, above, to incur costs, is not an authorization to reimburse those costs and does not mean or imply that such costs will, in fact, be reimbursed out of grant funds. It means the Recipient and Participating Parties may, voluntarily, and at their own risk, and upon their own credit and expense, incur costs as authorized at said subsection (a), above, but their authority to reimburse or to be reimbursed out of grant funds shall be governed by the provisions of this Grant Agreement applicable to the reimbursement of costs and the release of funds by the Secretary.

(c) Neither the Recipient nor any Participating Party shall incur any costs in connection with any UDAG Funded Activity, even though such costs or action will not be reimbursed or funded out of grant funds, unless such costs could be incurred pursuant to subsection (a) of this Section 3.02, above, if such costs were to be reimbursed or funded out of grant funds.

Section 3.03 Incurring Costs for Non-UDAG Funded Activities

The Recipient shall not incur any costs, in connection with any Non-UDAG Funded Activity, other than any costs which could be incurred pursuant to subsection (a) of Section 3.02, in the case of a UDAG Funded Activity, until all of the Environmental Conditions of this Grant Agreement have been satisfied, including the issuance by the Secretary of all required environmental releases in accordance with Section 8.02 of this Grant Agreement.

Section 3.04 Authorization by the Secretary for the Recipient to Draw Funds

(a) If Exhibits E or F to this Grant Agreement do not require or authorize the phasing or staging of the Recipient's draw of funds, then upon a finding by the Secretary that the Recipient has submitted, in a timely manner and in acceptable form and content, all of the evidentiary materials required by this Grant Agreement to be submitted to and accepted by the Secretary; and upon acceptance and approval by the Secretary of said evidentiary materials; and if no event of default has occurred, as defined at subsection (a) of Section 7.01 of this Grant Agreement, the Secretary shall promptly issue to the Recipient a written authorization to draw grant funds under the Letter of Credit, for all of the UDAG Funded Activities specified at Exhibit B to this Grant Agreement.

(b) If Exhibits E or F to this Grant Agreement do require or authorize the phasing or staging of the Recipient's draw of funds, then upon a finding by the Secretary that the Recipient has submitted, in a timely manner and in acceptable form and content, all of the evidentiary materials specified and required at said Exhibit E to be submitted to and accepted by the Secretary respecting any particular phase or stage of the draw of funds; and upon acceptance and approval by the Secretary of said evidentiary materials; and if no event of default has occurred, as defined at subsection (a) of Section 7.01 of this Grant Agreement, the Secretary shall promptly issue to the Recipient a written authorization to draw funds under the Letter of Credit in accordance with any requirements or authorizations described at said Exhibit E respecting the particular phase or stage of the draw of funds.

Section 3.05 Reimbursement of Costs

(a) No costs shall be reimbursed by the Recipient out of grant funds prior to the issuance by the Secretary of a written authorization to draw funds under the Letter of Credit, pursuant to Section 3.04 of this Grant Agreement.

(b) All evidentiary materials required by this Grant Agreement to be submitted to and approved or accepted by the Secretary, as conditions precedent to the Recipient's authority to reimburse costs, shall be so submitted by the Recipient and approved or accepted by the Secretary before the Secretary will issue any authorization to the Recipient to draw funds under the Letter of Credit.

(c) All certifications and other materials required by this Grant Agreement to be submitted to the Secretary as conditions precedent to the Recipient's authority to reimburse costs shall be so submitted by the Recipient prior to any draw of funds under the Letter of Credit.

(d) Notwithstanding any of the foregoing subsections (a), (b) and (c) of this Section 3.05, and notwithstanding the issuance by the Secretary of any unconditional authorization to the Recipient to draw funds under the Letter of Credit, the Recipient is prohibited from reimbursing any costs and from drawing any funds under the Letter of Credit, unless and until the Recipient has satisfied all of the Environmental Conditions of this Grant Agreement and the Secretary has issued all of the required environmental releases, in accordance with Section 4.02 of this Grant Agreement.

Section 3.06 Conditions Precedent to Recipient's Draw of Funds Under Letter of Credit

Prior to the Recipient's reimbursement of any costs with grant funds, and prior to the Recipient's drawing of any grant funds under the Letter of Credit, the following conditions shall have been satisfied:

(a) General: Conditions Applicable in All Cases

(1) The Recipient shall have satisfied all of the Environmental Conditions of this Grant Agreement.

(2) The Secretary shall have issued all of the required environmental releases, in accordance with Section 4.02 of this Grant Agreement.

(b) Specific: Conditions Applicable When Authorization to Draw Funds is Not Phased or Staged

(1) The Recipient shall have submitted to the Secretary, no later than the date specified at Exhibit F to this Grant Agreement, all of the evidentiary materials required by Exhibit E to this Grant Agreement to be submitted to and approved or accepted by the Secretary.

(2) The Secretary shall have approved and accepted said evidentiary materials and shall have issued to the Recipient a written authorization to draw funds under the Letter of Credit.

(3) The Recipient shall have submitted to the Secretary all certifications and other materials required by Section 8.01 of this Grant Agreement to be submitted by the Recipient prior to any draw of funds under the Letter of Credit.

(c) Specific: Conditions Applicable When Authorization to Draw Funds is Phased or Staged

(1) As to each phase or stage of a draw of funds which is described at Exhibits E or F to this Grant Agreement, the Recipient shall have submitted to the Secretary, no later than the date specified at Exhibit F to this Grant Agreement, all of the evidentiary materials required by Exhibit E to this Grant Agreement to be submitted to and approved or accepted by the Secretary.

(2) As to each such phase or stage of a draw of funds, the Secretary shall have approved and accepted said evidentiary materials and shall have issued to the Recipient a written authorization to draw funds under the Letter of Credit to reimburse costs applicable to that phase or stage.

(4) Except as set forth in Exhibit A to this Grant Agreement, there is no action, proceeding, or investigation now pending, nor any basis therefor, known or believed to exist by the Recipient, which (i) questions the validity of this Grant Agreement, or any action taken or to be taken under it; or (ii) is likely to result in any material adverse change in the authorities, properties, assets, liabilities, or conditions (financial or otherwise) of the Recipient which would materially and substantially impair the Recipient's ability to perform any of the obligations imposed upon the Recipient by this Grant Agreement.

(5) The representations, statements, and other matters contained in the Application were true and complete in all material respects as of the date of filing. Except as set forth in Exhibit A to this Grant Agreement, the Recipient is aware of no event which has occurred since the date of such filing which would require any amendment of the Application (other than an amendment which has been filed with and approved by the Secretary) in order to make such representations, statements, and other matters true and complete in all material respects and not misleading in any material respect. created, during the existence of this Grant Agreement, the numbers and kinds of jobs represented in the Application as being expected to be created through the use of funds of this grant.

(a) An event of default shall consist of any use of grant funds for any purpose other than as authorized at Section 2.02 of this Grant Agreement, without the Secretary's prior written approval, or any other material failure in the performance by, or breach of any covenant, agreement, provision, or warranty of (i) the Recipient, made in this Grant Agreement; or, (ii) the Recipient, made pursuant to any agreement entered into between the Recipient and any Participating Party relating to the Project; or, (iii) any Participating Party, made pursuant to any agreement between such Participating Party and the Recipient relating to the Project; or, (iv) any Participating Pary, made pursuant to any agreement between Participating Parties relating to the Project.

(b) Continuance of an event of default described in subsection (a) of this Section 7.01 for a period of thirty (30) consecutive days after delivery to the Recipient of a written notice issued by the Secretary specifying such default or breach and requiring it to be remedied shall constitute a Default under this Grant Agreement.

(a) Upon the occurrence of any event of default as described in subsection (a) of Section 7.01, above, the Secretary may suspend the Recipient's authority to draw any funds under the Letter of Credit at any time by notice to the Recipient. If such event of default is not cured within the time and in the manner described in subsection (b) of said Section 7.01, the Secretary shall have the right to continue such suspension or, at any time thereafter while such Default shall be continuing, to notify the Recipient that the Secretary, by delivery of such notice, is terminating this Grant Agreement. In the event of a termination, the Recipient's authority to draw any funds under the Letter of Credit shall be deemed to have terminated at the time of the notice suspending such authority, and thereafter the Recipient shall have no right, title or interest in or to any funds remaining under the Letter of Credit.

(b) If an event of default consists of the Recipient's failure to satisfy the conditions of paragraph (1) of subsection (b) or paragraph (1) of subsection (c) of Section 3.06 by the date specified in Exhibit F to this Grant Agreement, the Secretary shall have the right, in the Secretary's sole and absolute discretion and notwithstanding any other provision of this Article VII to terminate this Grant Agreement and the award of UDAG Program funds to which this Grant Agreement relates by delivery of written notice thereof to the Recipient. In the event of such termination, all obligations of the Secretary pursuant to this Grant Agreement and such award shall cease and the Recipient shall neither have nor retain any rights whatsoever with respect to the UDAG Program funds provided under this Grant Agreement or such award.

(c) In case a Default shall have occurred and be continuing, the Secretary may at any time or from time to time proceed to protect and enforce all rights available to the Secretary under this Grant Agreement by suit in equity, action at law, or by any other appropriate proceedings, whether for specific performance of any covenant or agreement contained in this Grant Agreement, or damages, or other relief, or proceed to take any action authorized or permitted under applicable law or regulations.

(d) The rights and remedies available to the Secretary under this Article VII in the event of a suspension or termination of this Grant Agreement, and any related rights and remedies set forth in this Grant Agreement, shall survive such suspension or termination.

REDEVELOPMENT AGREEMENT

(NATIONAL CAN CORPORATION REDEVELOPMENT PROJECT)

Agreement, made of the ..... day of ....., 1979 between the City of Chicago, a Home Rule Unit of Government of the State of Illinois (the "City"), by and through the Economic Development Commission of the City of Chicago, having its office at Room 2020, Two First National Plaza, Chicago, Illinois; and National Can Corporation, a Delaware corporation ("National") with its principal office at 8101 West Higgins Road, Chicago, Illinois.

WITNESSETH:

Whereas, the Economic Development Commission of the City of Chicago (the "Commission") was established on the twelfth day of December, 1975, by ordinance of the City Council of the City of Chicago; and

Whereas, the Commission has as its primary purpose the creation of additional employment opportunities in the City of Chicago through the attraction and expansion of industrial development in the City; and

Whereas, the Commission has heretofore received a federal grant from the United States Department of Commerce in the amount of $7,000,000 for the funding of the Chicago Plan for Economic Development; and

Whereas, the Commission, pursuant to the Chicago Plan for Economic Development, has, in accordance with its resolution adopted February 5, 1979, entered into a Memorandum of Agreement (the "Memorandum of Agreement") with National for the development of a parcel of land consisting of approximately 13.21 acres located in the vicinity of 43rd Street and Racine Avenue in the City of Chicago (such parcel of land, as more particularly described on "Exhibit 1" hereto, being called the "Land"); and

Whereas, the City has made application to the United States Department of Housing and Urban Development for an Urban Development Action Grant ("UDAG Grant") in the amount of $160,000 for reimbursement of the funding of certain site improvements to be made on the Land, as part of its proposed redevelopment (UDAG Grant No. B-00-AA-17-0022); and

Whereas, as a result of the redevelopment herein contemplated, it is the expectation of National and the City that approximately 121 new job opportunities will ultimately be located at the new manufacturing plant of National contemplated, of which 36 are expected to be upper-income jobs, 73 are expected to be middle-income jobs, and 12 lower-income jobs, all in addition to non-permanent construction/rehabilitation employment opportunities existing during the redevelopment process; and

Whereas, National and U.S.Y.&T. Industries, Inc. ("USY&T"), are parties to an Option Agreement (the "Option Agreement") granting National the option to purchase the Land at the total consideration, and upon the other terms and conditions therein state, and permitting National, upon due closing thereof, to direct and cause the conveyance of the Land to its designee, including the City of Chicago, which direction National proposes to give upon closing so as to cause title thereto to be vested upon closing in the City of Chicago; and

Whereas, in order to further the redevelopment project contemplated, it is the intention of the City of Chicago to cooperate in the acquisition of the Land pursuant to the Option Agreement, through the expenditure by the Commission of approximately $287,713.80 (being $.50 per square foot, to be adjusted by survey at closing), which amount, together with the sum of approximately $661,741.74 to be contributed by National (being $1.15 per square foot, to be adjusted by survey at closing), constitutes the purchase price to be paid to USY&T for the Land pursuant to the Option Agreement; and

Whereas, the aforesaid expenditure by the Commission is in accordance with the Chicago Plan for Economic Development as approved by the United States Department of Commerce, and such expenditure shall be made from funds obtained in accordance with the grant from the United States Department of Commerce; now, therefore,

It is hereby agreed by and between the parties hereto, for and in consideration of the following mutual covenants and promises:

Section 1. *Consideration.* In consideration of National's undertaking hereafter set forth, the City of Chicago hereby agrees to pay the sum of approximately $287,713.80 to USY&T at closing of the transactions contemplated by the Option Agreement, to obtain title to the Land. Subject to National's exercise of its rights under the Option Agreement, and performance to National's satisfaction of the conditions set forth in (1), (2) and (3) of paragraph F of the Option Agreement (relating respectively to (i) the taking by the City of all actions necessary or appropriate on its part to cause or permit the issuance of its industrial development revenue bonds in accordance with the Memorandum of Agreement, (ii) availability of the UDAG Grant, and (iii) National's conclusion that the Land site meets its requirements), National agrees:

(a) to take all actions necessary or appropriate under the Option Agreement to direct and cause USY&T to convey title to the Land to the City of Chicago in accordance with the terms of the Option Agreement;

(b) to contribute the approximate sum of $661,741.74 (being $1.15 per square foot, as adjusted by survey at closing) towards the aggregate cost to the City of acquisition of the Land, by payment of such sum to USY&T at closing of the transactions contemplated by the Option Agreement;

(c) in due course, and upon approval by National in its sole discretion of the interest rate, maturities and all other terms of the industrial development revenue bonds of the City proposed to be issued pursuant to the Memorandum of Agreement dated February 5, 1979 between the Commission and National, to finance , (i) improvements to the Land, (ii) acquisition of machinery and equipment for use thereon by National, as lessee, (iii) the Land acquisition cost of National referred to in subparagraph (b) preceding, and (iv) costs of issuance of such bonds, to enter into a Lease Agreement with the City, as lessor, and National as lessee. Such Lease Agreement to be entered into (the "Lease") shall comply with the provisions of the Memorandum of Agreement dated February 5, 1979 between the Commission and National, shall be in all other respects satisfactory in form and substance to both the City and to National, shall provide for redevelopment of the Land by National as set forth in Section 2 hereof, and shall grant National, as lessee thereunder, an option to purchase the facilities leased thereunder at the end of the terms of the Lease (and upon payment of all principal, interest and premium, if any, on bonds of the City issued to finance acquisition, construction and completion of the leased facilities) for a nominal sum.

Section 2. *Redevelopment Plan.* Upon acquisition of the Land by the City pursuant to National's exercise of its rights under the Option Agreement, and upon execution and delivery by the City, as lessor, and National, as lessee, of the Lease, National shall take all steps necessary or appropriate by it, as such lessee, to cause the redevelopment of the Land for National's use for commercial manufacturing purposes, through construction and equipping of a manufacturing plant and office facility of approximately 160,000 square feet, at a cost not less than the proceeds of sale of the bonds referred to in (c) of Section 1 hereof, and in all other respects in accordance with plans and specifications for such redevelopment to be provided by National, which plans and specifications shall be in conformity with all applicable State and local laws and regulations, including (without limitations) applicable zoning and other ordinances of the City. The Lease shall contain provisions appropriately incorporating the foregoing requirements of the redevelopment plan, and shall provide (subject to the application of Section 3 hereof) that site improvements to the Land, to be followed by construction of improvements to the Land, shall be commenced by ....., with substantial completion contemplated within ..... months after issuance of the City's industrial development revenue bonds and the execution and delivery by the City, as lessor, and National, as lessee, of the Lease. The Lease shall also require National, as lessee, to complete construction and equipping of the leased facilities substantially in accordance with National's plans and specifications with respect thereto, at National's expense to the extent (but only to such

extent) that the proceeds of the City's bonds referred to in (c) of Section 1 hereof are not sufficient to pay for the same, and National shall not be entitled to any reimbursement therefor from the City, nor shall it be entitled to any diminution in the rentals otherwise payable under the Lease by National, as Lessee. The Lease shall further provide (subject to the application of Section 3 hereof) that National, as Lessee, shall promptly cause the commencement, and shall diligently cause the completion, of redevelopment as aforesaid, so as to complete construction and equipping of the leased facilities within the times stated above. The Lease shall provide that in its occupation and use of the leased facilities, National shall comply with applicable federal, state and local laws and ordinances from time to time in effect including (without limitation) the Civil Rights Act of 19..., the Illinois Fair Employment Practices Act, and applicable ordinances of the City with respect to non-discrimination in the sale, lease or rental or in the use or occupancy of the Land or any improvement located or to be erected thereon, or any part thereof. This Agreement shall be deemed to include, by this reference (and the Lease, when executed and delivered by National and the City, shall appropriately incorporate by reference) the applicable provisions of Article IX of the UDAG Grant Agreement dated as of ..... between the Secretary of Housing and Urban Development, and the City, as Recipient.

Section 3. *Enforced Delay in Performance.* Neither the City nor National nor any successor in interest shall be considered in breach or default of its obligations hereunder (including without limitation, preparation of the Land for redevelopment, or the commencement and completion of redevelopment as contemplated hereunder) in the event of enforced delay in the performance of such obligations due to causes reasonably beyond its control, and without its fault or negligence. The time for the performance of such obligations shall be extended for the period of such enforced delay, providing the party subject to such causes reasonably beyond its control shall give written notice to the other party of the existence of such causes within a reasonable time the same shall arise.

Section 4. *Conflict of Interest; City's Representatives Not Individually Liable.* No member, official, or employee of the City or the Commission shall have any personal interest, direct or indirect, in this Redevelopment Agreement; nor shall any such member, official or employee participate in any decision relating to this Agreement which affects his personal interests or the interests of any corporation, partnership or association in which he is directly or indirectly interested. No member, official or employee of the City or the Commission shall be personally liable to National or any successor in interest, in the event of any default or breach by the City or the Commission or for any amount which may become due to National or its successors in interest or on any obligation under the terms of this Agreement.

Section 5. *Provisions Merged with Lease.* The provisions of this Agreement with respect to the Lease shall be deemed merged with the Lease, upon the execution and delivery of the Lease by the parties hereto. No other provision of this Agreement is intended to or shall be merged by reason of the execution and delivery by the parties of the Lease, and the Lease shall not be deemed to affect or impair any such other provision of this Agreement.

Section 6. *Conditions to Obligations of the Parties.* Notwithstanding anything to the contrary herein contained, the City shall have no obligation to pay any sum hereunder in respect of the acquisition of the Land from USY&T except against tender by USY&T of a deed of the Land vesting title thereto in the City, all in accordance with the terms of the Option Agreement including payment by National of the sum of $661,741.74 (being $1.15 per square foot, as adjusted by survey at closing) at closing of such Land acquisition. National shall have no obligation hereunder until performance to National's satisfaction of the conditions set forth in (1), (2) and (3) of paragraph F of the Option Agreement, and exercised by National, in its discretion, of its rights under the Option Agreement. In the event that the transactions herein contemplated shall not be commenced by ....., National agrees that it will reimburse the City and the Commission for all reasonable and necessary direct out-of-pocket expenses paid to third parties which the City and the Commission may incur from the execution of this Agreement and the performance by the City or the Commission of their obligations hereunder, and this Agreement shall thereupon terminate. Under its termination (providing that the Land shall have theretofore been acquired by the City in accordance herewith), the City shall, on National's request, promptly convey the Land to National against National's payment to the City of the sum paid by the City to U.S.Y.&T. at closing of the City's acquisition of title thereto.

Section 7. *No Obligation of City to USY&T Hereunder.* Nothing contained herein shall be deemed to give rise to or create any obligation or contract between the City or the Commission and USY&T, or between National and USY&T, or between USY&T and any of such parties. Reference is made to the Option Agreement for a statement of the obligations of USY&T to National with respect to the transactions herein contemplated, and to an Agreement of concurrent date between the City and USY&T with respect to the obligations of USY&T to the City with respect to the transactions herein contemplated.

In Witness Whereof, the City of Chicago has caused this Redevelopment Agreement to be duly executed in its name and on its behalf by its Economic Development Commission, and National Can Corporation has executed and delivered the same as of this ..... day of ....., 1979.

The Committee on Finance submitted the following report, which was, on motion of Alderman Madrzyk and Alderman Frost *Deferred* and ordered published:

CHICAGO, September 10, 1979.

To the President and Members of the City Council:

Your Committee on Finance, to which was referred a communication dated August 30, 1979 from the Department of Aviation transmitting a proposed Ordinance authorizing an Airport Use Agreement with Midway Airlines, Inc. at Chicago Midway Airport having had the same under advisement, begs leave to report and recommend that Your Honorable Body *Pass* the proposed ordinance transmitted herewith.

This recommendation was concurred in by a viva voce vote of the members of the committee.

Respectfully submitted,
(Signed) WILSON FROST,
Chairman.

The proposed ordinance transmitted with the foregoing committee report reads as follows:

Be It Ordained by the City Council of the City of Chicago:

Section 1 That the Mayor is authorized to execute and the City Clerk to attest and affix the seal of the City of Chicago upon an Airport Use Agreement with Midway Airlines, Inc., to serve the City of Chicago through Chicago Midway Airport, after approval by the Comptroller and the Commissioner of Aviation and by the Corporation as to form and legality, such agreement to be in the following form:

AIRPORT USE AGREEMENT

This Agreement, made and entered into as of this ....., by and between the City of Chicago, a municipal corporation of the State of Illinois ..(hereinafter referred to as "City") and Midway Airlines, Inc. a corporation organized and existing under and by virtue of the laws of the State of Illinois (hereinafter referred to as "Airline"),

WITNESSETH:

Whereas, City operates the airport known as Chicago Midway Airport (a plat of said Airport being attached hereto marked Exhibit "A" and made a part hereof) situated in the County of Cook, State of Illinois (hereinafter, together with any additions thereto or enlargements thereof, whether or not made with corporate funds of City, Government Grants in Aid, as such terms are hereinafter defined, or any other funds of any nature whatsoever, referred to as the "Airport"), with the power to grant rights and privileges with respect thereto, as hereinafter provided; and

Whereas, Airline is engaged in the business of transporting persons, property, cargo and mail, or one or more thereof, by aircraft (hereinafter referred to as "air transportation") and desires to obtain certain rights and privileges with respect to the Airport, upon the terms and conditions herein after provided; and

Whereas, City is willing to grant Airline such rights and privileges upon the terms and conditions hereinafter provided; and

Whereas, contemporaneously with the execution hereof, City and Airline have, among other things, entered into a Lease Agreement covering the use by Airline of certain space and facilities in and adjoining the passenger terminal facilities at the Airport;

Now, therefore, for and in consideration of the premises (which are incorporated into the body of this Agreement as fully as if they were set forth therein) and of the mutual covenants and agreements herein contained and other valuable considerations, City does hereby grant unto Airline, and Airline does hereby hire and take from City, rights and privileges hereinafter described in connection with and upon the Airport.

Article I

Airline shall have the right and privilege to operate at the Airport an air transportation system, which right and privilege shall, subject to rules and regulations promulgated by City in accordance with Article VIII hereof and to the payment of fees and charges hereinafter provided, include the use, in common with others authorized by City so to use, of the following areas and facilities now or hereafter provided at or adjacent to the Airport and available for common use:

(a) landing and take-off areas (including runways and landing strips) for aircraft;

(b) taxiway areas for aircraft;

(c) passenger and cargo ramp areas and facilities;

(d) aircraft parking areas and facilities;

(e) facilities for the purpose of controlling or assisting landings, take-offs and other movement of aircraft using the Airport, including, without limitation, control towers, floodlights, landing lights, beacons, signals, radio aids and all other conveniences and aids to operation, navigation or ground control of aircraft.

Such use by Airline includes the exercise of any and all of the following rights, subject to rules and regulations promulgated by City in accordance with Article VIII hereof:

(a) the right to land, take-off and fly aircraft operated by Airline, except between 2300 hours and 600 hours and to move such aircraft;

(b) the right on the passenger and cargo ramp areas as designated from time to time by City as available for common use, to load and unload persons, property, cargo and mail upon or from aircraft operated by it or any other scheduled air transportation company, by such means as may be reasonably necessary or convenient; provided, however, that Airline may not load or unload exclusive freight or cargo flights on the passenger ramp areas adjacent to the passenger terminal facilities at the Airport, and City agrees that it will not permit any other aircraft operator to load or unload exclusive cargo or freight flights on such passenger ramp areas;

(c) the right on the passenger and cargo ramp areas designated from time to time by City as available for common use, to service aircraft and other equipment operated by Airline or by any other scheduled air transportation company, with gasoline, oil, greases, lubricants and other fuel or propellant, and with foods and beverages and other supplies and materials, by such means as may be reasonably necessary or proper;

(d) the right on the passenger and cargo ramp areas designated from time to time by City as available for common use, to repair, condition, maintain, test and park aircraft and other equipment operated by Airline or by any other scheduled air transportation company; provided, however, such repair, conditioning, maintenance and testing shall be limited to those activities at the time commonly considered routine ramp servicing (which term shall include the activities referred to in subparagraph (c) above); and provided further, parking of aircraft on such areas may be limited as provided in Article III hereof;

(e) the right to park aircraft on aircraft parking areas designated from time to time by City as available for common use; provided, however, parking of aircraft on such areas may be limited, as provided in Article III hereof;

(f) the right to train personnel in its employ or under its direction provided, however, that all flights shall be subject to such limitations as the Commissioner of Aviation may from time to time reasonably prescribe;

(g) the right to sell, dispose of or exchange its aircraft, engines, accessories, gasoline, oil, greases, lubricants, other fuel or propellant, other equipment or supplies, and any articles or goods used by or acquired for use by Airline in connection with its conduct of air transportation; provided, however, that Airline shall not sell, dispose of or exchange any such items to others than its employees or scheduled air transportation operators, unless such items represent surplus items at the time no longer reasonably necessary in connection with the conduct by Airline of its air transportation business; and provided further, that Airline shall not sell, dispose of or exchange gasoline, oil, greases, lubricants, fuel or propellants, except to a subsidiary or affiliated company or to other scheduled air transportation companies;

(h) the right to operate and maintain such mobile communications equipment as may be reasonably necessary or convenient for its operations; provided, the exercise of such right does not interfere with the City's operation of the Airport for the benefit of all aircraft using the Airport;

(i) the right to purchase or otherwise obtain and use personal property of any nature including aircraft, engines, accessories, gasoline, oil, greases, lubricants, other fuel or propellant, food, beverages, other equipment and supplies and any articles or goods reasonably necessary or convenient for its operations from any supplier of its choice; and

(j) the right to conduct operations or activities other than those enumerated in subparagraphs (a) to (i), inclusive, of this paragraph, reasonably related to the landing, take-off, flying, movement, loading, unloading or ramp servicing of aircraft, which are reasonably necessary or convenient to the conduct by it of air transportation; provided, however, that all such operations and activities shall be subject to the approval of the Commissioner of Aviation, provided further, the exercise of such right does not interfere with City's operation of the Airport for the benefit of all aircraft using the Airport.

Provided, however, that the rights conferred under this Article I shall not be construed to authorize the conduct by Airline of any business separate from its operation of an air transportation system; and further provided, that the rights conferred under this Article I may be exercised by Airline alone or in conjunction with any other Airline Parties, directly or through another designated by it or them, excepting that the rights conferred by subparagraph (c) above to service aircraft and other equipment with gasoline, oil, greases, lubricants and other fuel or propellant may be exercised by Airline in conjunction with any other Airline Parties, either directly or through another designated by them, only with respect to aircraft and other equipment operated by Airline Parties.

Airline shall have the right and privilege to install and maintain and operate at such location on the Airport as may be approved by the Commissioner of Aviation, communication, meteorological and aerial navigation equipment and facilities as may be reasonably necessary or convenient to the conduct by it of air transportation, provided the exercise of such right and privilege does not interfere with City's operation of Airport for the benefit of all aircraft using the Airport.

Subject to rules and regulations promulgated by City in accordance with Article VII hereof, Airline shall have the right and privilege over the Airport of ingress to and egress from (but not any other use of, except as authorized in this Agreement or in any other agreement between City and Airline) the areas and facilities described in this Article I for its employees, agents, passengers, guests, patrons and invitees, its or their suppliers of materials and furnishers of service, its or their equipment, vehicles, machinery and other property and except as in this Agreement or in any other agreement between City and Airline otherwise specifically provided, no charges, fees or tolls of any nature, direct or indirect, shall be imposed by City upon Airline, its employees, agents, passengers, guests, patrons and invitees, its or their suppliers of materials and furnishers of service for such right of ingress and egress, or for the privilege of purchasing, selling or using any materials or services purchased or otherwise obtained by Airline, as provided in subparagraphs (g) and (i) of this Section, or transporting, loading or handling persons, property, cargo or mail in connection with Airline's business or exercising any right or privilege granted by City hereunder. The foregoing shall not preclude City or its concessionaires from making and collecting a charge for the use of public automobile parking areas, sightseeing facilities or ground transportation to and from the Airport or preclude City from imposing any tax or permit or license fee not inconsistent with the rights and privileges granted to Airline hereunder.

This grant is not to be construed as a lease of any space in any passenger terminal building, any adjacent ramp area lease by City to any air transportation company or other person, firm or corporation, any hangar, any air cargo building, any fueling system or any other building constructed or to be constructed by City at the Airport. Any ramp area at the Airport leased by City to one or more air transportation companies, persons, firms or corporations shall not be considered to be a public ramp area or a ramp area available for common use.

Article II

Section 2.01. Flight Fees for landing of aircraft. In connection with each fee landing at the Airport of each aircraft operated by it, Airline shall pay to City a fee of Twenty-five Cents (25¢) per 1000 pounds or fraction thereof of approved maximum landing weight per landing. The approved maximum landing weight of any aircraft shall mean the maximum landing weight approved by the Federal Aviation Administration for landing such aircraft at the Airport.

Each separate landing at the Airport of an aircraft (whether in connection with a revenue or a non-revenue flight) operated by Airline or others, shall be a "fee landing", except that a "fee landing" shall not include the following:

(a) any landing at the Airport of an aircraft which shall have taken off from the Airport and, without making a stop at any other airport, returns to and lands at the Airport because of meteorological conditions, mechanical or operating causes, or any similar emergency or precautionary reason;

(b) any landing at the Airport of an aircraft returning to the Airport on a non-revenue flight from the Chicago-O'Hare International Airport, provided each such aircraft shall have taken off from the Airport on a non-revenue flight to Chicago-O'Hare International Airport without in either case making a stop at any other airport;

(c) any touch-and-go and similar operation in which an aircraft comes in contact with a runway at the Airport and without coming to a stop thereafter resumes flight by leav- the ground from the same runway and in the same direction;

(d) any landing of aircraft operated by the United States Government or the Illinois National Guard to the extent that under the terms and conditions of assurances pursuant to the Federal Airport Act, or any other prior or future Acts of Congress or of the General Assembly of the State of Illinois that may provide for Grants in Aid of airport development, such landing is to be without charge; or

(e) any landing at the Airport of helicopter aircraft operated in local service between the Airport and any point within a radius of fifty (50) miles from the Airport.

Section 2.02. Flight Fee rate for others. City covenants that during the term of this Agreement, it shall charge and assess landing fees on all other users of its Airport in an amount not less than provided in Section 2.01 hereof, provided further, however, that in no event shall such fee be less than $2.50 per landing.

Article III

In the event Airline shall park its passenger aircraft in any public passenger ramp area at the Airport not including however the parking area necessary for the use of Airline's Aircraft Operation Area as allocated to Airline on Exhibit A of Lease of Terminal Facilities for a period of more than forty-five (45) minutes, then at the discretion of City, removal of such aircraft may be directed by it and if upon the lapse of a fifteen (15) minute period after such direction, Airline shall fail to so remove its aircraft, it shall pay to City a fee of Five Dollars ($5.00) for each thirty (30) minutes or fraction thereof that such aircraft remains in such public passenger ramp area after such fifteen (15) minute period. In the even Airline shall park its cargo aircraft in any public cargo ramp area for a period of one hundred twenty (120) minutes, then at the discretion of City, removal of such aircraft may be directed by it and if upon the lapse of a fifteen (15) minute period after such direction, Airline shall fail to so remove such aircraft, it shall pay City a fee of Five Dollars ($5.00) for each thirty (30) minutes or fraction thereof that such aircraft remains in such public cargo ramp area after such fifteen (15) minute period.

City may charge Airline fees of not more than Ten Dollars ($10.00) for each twenty-four (24) hours or fraction thereof in excess of a free period of twenty-four (24) hours for the parking of its aircraft in public aircraft parking areas.

Article IV

City shall, within fifteen (15) days following the end of each calendar month, furnish to Airline a statement setting forth the amount of any Flight Fees and Aircraft Parking Fees payable by Airline hereunder for such month. The amount of any Flight Fees and Aircraft Parking Fees payable by Airline hereunder for any calendar month shall be due and payable by it on the last day of the next succeeding calendar month.

All amounts payable by Airline hereunder shall be paid to City at the office of the City Comptroller of City and any amount payable by Airline hereunder which is not paid when due shall bear interest at the rate of seven per cent (7%) per annum from the due date thereof until paid.

The payment by Airline to City of any amount thereunder and the acceptance thereof by City, shall not preclude either Airline or City from questioning, within a period of eighteen (18) months from the dates of such payment by Airline, the accuracy of any statement on the basis of which such payment was made, or preclude City from making, within such period, any claim against Airline for any additional amount payable by Airline hereunder, or preclude Airline from making, within such period, any claim against City for credit for any excess amount paid by Airline hereunder.

Article V

Section 5.01. Term. The term of this Agreement shall be for a period commencing on ....., the date of approval of authorizing ordinance by the City Council of the City of Chicago, and terminating on December 31, 1980.

Section 5.02. Covenant to use Airport. Airline covenants and agrees with City that subject to such orders, rules and regulations as may be promulgated from time to time by the Federal Government or any agency thereof, it will during each fiscal year use the Airport and provide fee landings of its aircraft at the Airport.

Article VI

Section 6.01. Construction, maintenance and repair by Airline. Airline may either alone, or jointly with any one or more other Airline Parties, construct or install such communication, meteorological and aerial navigation equipment as may be reasonably necessary or convenient to the conduct by Airline of air transportation, and such conduits, pits, covered trenches, ducts and other facilities, as may be reasonably necessary or convenient for power, light and communication purposes or for use in connection with the handling and servicing of aircraft, all as may be approved by the Commissioner of Aviation.

All such construction or installation by Airline shall be made in accordance with applicable laws and ordinances and after obtaining any requisite building or construction licenses or permits. Plans and specifications of any such proposed construction or installation (including any substantial alteration or addition thereto) shall be submitted to and receive the approval of the Commissioner of Public Works prior to the commencement of construction or installation. Any structures, facilities and additions so constructed or installed by Airline shall be kept and maintained by it in good condition and repair. No restrictions, however, shall be placed upon Airline as to the architects, builders or contractors who may be employed by it in connection with any construction, installation, alteration, repair or maintenance of any such structures, facilities or additions.

Section 6.02. Performance by City upon failure of Airline to maintain. In the event Airline fails to perform for a period of thirty (30) days after notice from City so to do, any obligation required by this Article VI to be performed by Airline, City may do all things necessary to perform such obligation, charging the cost and expense thereof to Airline, and Airline agrees to pay City all such costs and expenses in addition to any other amounts payable by Airline hereunder; provided, however, that if Airline's failure to perform any such obligation endangers the safety of the public or of employees of City, and City so states in its notice to Airline, City may perform such obligation of Airline at any time after giving of such notice and charge to Airline, and Airline shall pay, as aforesaid, the cost and expense of said performance.

Article VII

Section 7.01. Maintenance and operation of Airport. City shall operate, maintain and keep in good repair the areas and facilities described in Article I hereof, excepting any structures or facilities constructed or installed by Airline pursuant to Article IV hereof. City shall keep the Airport free from obstruction, including the removal of snow, vegetation, stones and other foreign matter, as reasonably as may be done, from landing, take-off, public ramp, and public parking areas.

City shall operate and maintain the Airport in all respects in a manner consistent with that of a reasonably prudent operator of an airport and in accordance with standards and ratings for airports of similar size and character issued by the Federal Aviation Administration and with the rules and regulations of the Federal Aviation Administration and any other governmental authority having jurisdiction thereof. City shall operate the Airport in a manner so as to produce, subject to the provisions of this Agreement, revenues from the Airport of a nature and amount which would be produced by a reasonably prudent operator of an airport.

In the event any operator selected by City for the purpose of providing transportation service to and from the Airport of passengers and their baggage shall not furnish such transportation in a satisfactory and efficient manner, City shall, upon request of the Airlines Representative, use its best efforts to correct such situation, including, if required, the selection of another operator if City has authority to do so under the terms of the applicable concession agreement, to the end that such transportation service is performed in a satisfactory and efficient manner.

City shall supply adequate lighting for the Airport, including adequate landing lights, floodlights, beacons and other field lighting.

City shall use its best efforts to keep the Airport open and in operation for landings and take-offs of aircraft of any type using facilities similar to those at the Airport.

City shall maintain order at the Airport.

Section 7.02. Enjoyment of Rights and Privileges. City agrees that Airline, performing its obligations hereunder, shall be entitled to and shall have the enjoyment of the rights and privileges granted to it hereunder, subject to the provisions hereof.

Section 7.03. Performance by Airline upon failure of City to maintain and operate. In the event City fails to perform, for a period of thirty (30) days after notice from Airline so to do, any obligation required by this Article VII to be performed by City, Airline may perform, by itself or jointly with any other Airline Parties, such obligation of City and bill City for the cost to Airline of such performance. City, however, shall not be liable to Airline for any loss of revenues to Airline resulting from any of City's acts, omissions or neglect in the maintenance and operation or otherwise by it of the Airport or any facilities now or hereafter connected therewith.

Article VIII

Airline shall observe and obey all rules and regulations governing the conduct and operation of the Airport, promulgated from time to time by City, which are reasonably required for the prudent and efficient operation of the Airport and are not inconsistent with the reasonable exercise by Airline of any right or privilege granted to it hereunder or under any other agreement between Airline and City relating to the Airport or any part thereof, nor inconsistent with safety nor with the rules and regulations of any Federal or State agency having jurisdiction with respect thereto, nor inconsistent with the procedures prescribed or approved from time to time by the Federal Aviation Administration or any other governmental authority having jurisdiction over flight operations at the Airport.

City shall keep Airline supplied with five (5) sets of City's current Airport rules and regulations applicable to Airline. Except in cases of emergency, no such rule or regulation shall be applicable to Airline unless it has been given fifteen (15) days notice of the adoption thereof.

City, however, shall have no control over the rates, fares or charges that Airline may prescribe in connection with its conduct of an air transportation business.

Article IX

Nothing contained herein shall impair the right of City in the exercise of its governmental functions to require Airline to pay any tax or inspection fees or to procure necessary permits or licenses, provided such requirement is not inconsistent with the rights and privileges granted to Airline hereunder.

Nothing contained herein shall be deemed to be the grant of any franchise, license, permit or consent to Airline to operate motor coaches, buses, taxicabs or other vehicles carrying passengers or property for hire or other consideration over the public ways to and from the Airport.

Article X

Airline agrees to indemnify and hold City harmless from and against all liabilities, judgments, costs, damages and expenses which may accrue against, be charged to or recovered from City by reason or on account of damage to the property of City or the property of, injury to or death of any person, arising from Airline's use and occupancy of and operations at the Airport, including acts of its agents, contractors and subcontractors, except when caused by City's sole negligence or by the joint negligence of City and any person other than Airline, its agents, contractors and subcontractors; provided that City shall give Airline prompt and timely notice of any claim made or suit instituted which, in any way, affects Airline or its insurer, and Airline or its insurer shall have the right to compromise and defend the same to the extent of their own interests. Any final judgment rendered against City for any cause for which Airline is liable hereunder shall be conclusive against Airline as to liability and amount.

Airline shall, at its own expense, keep in force insurance of the following types and in not less than the following amounts, issued by a company or companies of sound and adequate financial responsibility, insuring Airline and City against all liabilities for accidents arising out of or in connection with Airline's use and occupancy of and operations at the Airport, except when caused by City's negligence alone or jointly with any person other than Airline, its agents, contractors and subcontractors, and shall furnish to City certificates evidencing such insurance, naming City as an addition assured thereunder, subject to the limitations set forth above in respect of City's negligence, to wit:

Aircraft Public Liability Insurance	$1,000,000 per person $5,000,000 per accident
Aircraft Property Damage Insurance	$ 500,000 per accident
Comprehensive Public Liability Insurance	$1,000,000 per person $5,000,000 per accident
Comprehensive Property Damage Insurance	$ 100.000 per accident.

If pursuant to any other agreement between Airline and City, Airline is complying with requirements identical with those of this Section, such compliance shall also serve as compliance with the requirements of this Section.

Article XI

The initial term of this lease shall be for a period commencing on ....., the date of approval of authorizing ordinance by the City Council, and terminating on December 31, 1980. Airline shall have an option to renew this lease for an additional eight (8) years by a written declaration of its intention so to renew, delivered to the Commissioner of Aviation six (6) months in advance of the initial termination date, provided the City has at that time a valid lease or other equally binding claim under the law to the land upon which Chicago-Midway Airport is located, extending the term at least through December 31, 1988. The Commissioner of Aviation shall prepare a ten (10) year

renewal of this agreement upon receiving a written request from the Airline, delivered by registered mail within a period of less than two years and more than nine months prior to December 31, 1988, asking for such a renewal; and provided that the same kind of lease or land holding provisions regarding the airport property itself are verified as apply to the eight (8) year option referenced hereinabove. This ten year renewal, based upon renegotiated rental terms which make allowance for any unamortized improvements to the hangar up to a total dollar amount of the originally required expenditure of $1,100,000 and the then current real estate market parameters must then be recommended to the City Council of the City of Chicago for approval by the Commissioner.

Article III

Airline shall, on or before the first day of each calendar month during the term hereof, pay to City, at the office of the City Comptroller of City, a monthly rental of Two Thousand Five Hundred Forty-Two and No/100 Dollars ($2,542.00).

Airline shall pay, in addition to the rents above specified, all water rates, taxes and assessments, general and special, lawfully levied or assessed upon the demised premises, or any part thereof, or upon any buildings or improvements at any time situated thereon, or lawfully levied or assessed upon the lease-hold interest created hereby, during the term of this lease.

At the time of the execution hereof, Tenant shall execute and deliver to the Comptroller a Performance Bond in the amount of Sixteen Thousand and No/100 Dollars ($16,000.00), in a form approved by the Comptroller, which bond shall guarantee faithful performance of the provisions of the contract.

Article IV

Section 4.01—Construction, Maintenance and Repair by Airline. Airline may construct or install on the demised premises, at its own expense, any buildings, improvements (including pavements), facilities and equipment, and any additions thereto, reasonably necessary or convenient in connection with any use, permitted under the provisions of this Lease, by Airline of the demised premises. All such construction or installation shall be made after obtaining any requisite building or construction licenses or permits. Plans and specifications of any such proposed construction or installation (including any substantial alteration or addition thereto) shall be submitted to and receive the approval of the Commissioner of Aviation and the Commissioner of Public Works prior to the commencement of construction or installation. Any advertising signs installed by Airline shall be limited to those which advertise air transportation, and the number, general type, size, design and location of such signs shall be subject to the approval of the Commissioner of Aviation.

Airline shall keep and maintain all buildings, improvements and facilities and additions thereto constructed or installed by it on the demised premises in good condition and repair, reasonable wear and tear excepted. No restrictions shall be placed on Airline as to the architects, builders or contractors who may be employed by it in connection with any construction, installation, alteration, repair or maintenance of any such buildings, improvements, facilities and additions.

Notwithstanding the foregoing, Airline shall keep the demised premises and all construction and installations made thereon by Airline in a sanitary and sightly condition, and shall comply with all health and safety requirements applicable thereto.

All construction or installation by Airline, pursuant to any right granted to it hereunder, which is made on any area outside the demised premises shall be made, kept and maintained by Airline in the same manner and under the same conditions as construction or installation by Airline on the demised premises.

Section 4.02—Lighting. Airline shall illuminate the apron in front of each hanger building on the demised premises with flood lights and shall place and maintain at all times red obstruction lights on the highest point and on each corner of each building on the demised premises and on the highest point of each smoke stack, pole, aerial and antenna on the demised premises. The obstruction light fixtures shall be of a dual type and the lights shall be kept burning at Airline's expense from dusk to dawn and during periods of restricted visibility

Section 4.03—Covenant Against Liens. Airline shall keep the demised premises and the buildings, improvements and facilities constructed thereon by Airline free and clear of any all liens in any way arising out of the construction, improvement or use thereof by Airline, provided, however, that Airline may in good faith contest the validity of any lien.

Section 4.04—Performance by City upon Failure of Airline to Maintain. In the event Airline fails to perform for a period of thirty (30) days after notice from City so to do, any obligation required by this Article IV to be performed by Airline, City may enter the premises involved (without such entering causing or constituting a termination of this Lease or an interference with the possession of said premises by Airline) and do all things necessary to perform such obligation, charging to Airline the cost and expense thereof and Airline agrees to pay City such charge in addition to any other amounts payable by Airline hereunder; provided, however, that if Airline's failure to perform any such obligation endangers the safety of the public or of employees of City, and City so states in its notice to Airline, City may perform such obligation of Airline at any time after the giving of such notice and charge to Airline, and Airline shall pay, as aforesaid, the cost and expense of such performance.

Section 4.05—Rehabilitation of Facilties. As additional consideration, Airline agrees that it shall promptly undertake, at its own expense, those capital improvements and repairs needed to rehabilitate the demised premises, at a minimum total cost of One Million One Hundred Thousand Dollars ($1,100,000) in 1978. Such rehabilitation program shall include those improvements and repairs that Airline and City Representatives agree are reasonably necessary to restore the demised premises to a good overall operating level. Such rehabilitation program must be completed within the first five (5) years of the term of this lease, with at least one-fifth (1/5) of the total minimum rehabilitation cost to be expended in each of these years. Airline agrees to submit to the Commissioner of Aviation at the end of each of the first (5) years of this lease, or until the Airline has spent the total minimum amount specified for the total rehabilitation program, proof in the form of paid invoices covering the agreed upon improvements and repairs that the expenditure levels agreed to herein have been made.

Section 4.06—Access by City. Airline shall allow City, its officers, agents or employees, free access to the demised premises for the purpose of examining the same to ascertain if Airline is performing its obligations hereunder with respect thereto.

Section 4.07—Equal Opportunity. Airline agrees that in performing under this agreement and other agreements with City it shall not discriminate against any worker, employee or applicant, or any member of the public, because of race, creed, color, religion, sex, age, or national origin, nor otherwise commit an unfair employment practice. Airline further agrees that this article will be incorporated by Airline in all contracts entered into with suppliers of materials or services, contractors and subcontractors and all labor organizations, furnishing skilled, unskilled and craft union skilled labor, or who may perform any such labor or services in connection with this agreement. Attention is called to Executive Order 11246 issued September 24, 1965, 3 CFR p. 567, 1966; The Civil Rights Act of 1964, Pub. To demonstrate compliance Airline and its contractors and subcontractors will furnish such reports and information as requested by the Chicago Commission on Human Relations.

City shall operate and maintain, in all respects in a manner consistent with that of a reasonably prudent operator of an airport and keep in good condition and repair (including the removal of snow, vegetation, stones and other foreign matter as reasonably as may be done) all facilities and equipment now or hereafter provided by City, at or in connection with or serving the demised premises.

Section 5.02—Quiet Enjoyment. City agrees that Airline, performing its obligations hereunder, shall be entitled to and shall have the quiet possession and enjoyment of the premises, rights and privileges leased to it hereunder, subject, however, to the provisions hereof.

Section 5.03—Performance by Airline upon failure of City to Maintain and Operate. In the event City fails to perform, for a period of thirty (30) days after notice from Airline so to do, any obligation required to be performed by City, Airline may perform such obligation of City and deduct the cost to Airline of such performance from any amounts due hereunder or otherwise from Airline to City; provided, however, that if City's failure to perform any such obligation endangers the safety of Airline's operations at the Airport and Airline so states in its notice to City, Airline may perform such obligation of City at any time after the giving of such notice and deduct, as aforesaid, its cost of such performance. City, however, shall not be liable to Airline for any loss of revenues to Airline resulting from any of City's acts, omissions or neglect in the maintenance and operation by it of the Airport or any facilities now or hereafter connected therewith.

Article VI

Airline agrees to indemnify City and keep in force insurance insuring Airline and City as provided in Article X of the Airport Use Agreement.

Airline shall, at its own expense, keep in force insurance upon buildings and improvements which are of a character customarily insured and which are at any time located on the demised premises or constructed or installed by Airline, pursuant to any right granted to it hereunder, on any area off the demised premises. Such insurance shall (a) be issued by a company or companies of sound and adequate financial responsibility, (b) name City and Airline as assureds thereunder as their respective interests may appear, (c) be in an amount equal to ninety percent (90%) of the insurable value of such buildings and improvements, and (d) cover such hazards as are insured against by fire and extended coverage insurance of the character customarily in force at the time in the area of Chicago, Illinois, upon buildings and improvements of similar character, and such other hazards as would normally be insured against under similar circumstances by a reasonably prudent owner of such buildings and improvements. Airline shall furnish to City certificates evidencing such insurance.

In the event the damage or destruction is not capable of being repaired within 120 days after the date thereof, either because of insufficiency of such insurance proceeds or otherwise, Airline may, by notice to City given within 60 days after such damage or destruction, elect not to repair the same and in such event, Airline shall cause such building or improvement to be demolished to the ground level and the debris removed, using any insurance proceeds for such purpose. Any insurance proceeds shall be made available to Airline for such repair or such demolition and removal. Any balance of such insurance proceeds, remaining after such repair or demolition and removal, shall be divided between City and Airline, and shall be made available to them, as their respective interests may appear. In the event Airline shall, in accordance with the foregoing provisions, give notice to City of Airline's election not to repair any damage or destruction not capable of being repaired as aforesaid, then Airline may at the same time and by further notice to City elect to terminate this Lease on the date of giving of such notice, which termination, however, shall not affect the rights and obligations of the City and Airline under this paragraph.

Provided, however, that Landlord may elect, at its sole option, not to repair or reconstruct the premises or the building, of which the premises are a part, and upon written notice of such election from Landlord to Tenant the obligation of Tenant to pay rent shall cease and this agreement shall thereupon terminate.

Article IX

Access, Ingress, Egress and Inspection
Mode of Operation and Personnel

Landlord hereby grants to Tenant the right of access and ingress to and egress from the premises by Tenant and its employees, contractors, suppliers, servicemen, sublessees, guests, patrons and invitees; provided, that such rights of access, ingress and egress, are at all times exercised in conformance with the further provisions of this agreement and any and all regulations promulgated by Landlord or the Commissioner, or other lawful authority, for the care, operation, maintenance and protection of the Airport and the public.

This agreement shall not and will not, nor shall any copy thereof, or any statement, paper or affidavit in any way or manner referring hereto, be filed in the office of the Recorder of Deeds of Cook or DuPage Counties, Illinois, or in any other public office, by Tenant or anyone acting for Tenant and that if the same be so filed, this agreement and each and every provision hereof shall, at the option of the Landlord, be and become absolutely null and void and Landlord may declare such filing a breach of this agreement.

Article XI

Default
Confession of Judgment

If Tenant shall vacate or abandon the premises, or any part thereof, or permit the same to remain vacant or unoccupied, or in the case of the non-payment of the rent and charges reserved hereby or any part thereof or of the breach of any covenant contained in this agreement, Tenant's right to the possession of the premises thereupon shall terminate, with or without any notice or demand whatsoever, and the mere retention of possession thereafter by Tenant shall constitute a forcible detainer of said premises, and if the Landlord so elects, but not otherwise, this agreement shall thereupon terminate.

Upon the termination of Tenant's right of possession, as aforesaid, whether this agreement be terminated or not, Tenant agrees to surrender possession of the premises immediately, without the receipt of any demand for rent, notice to quit or demand for possession of the premises whatsoever, and Tenant hereby grants to Landlord full and free license to enter into and upon said premises, or any part thereof, to take possession thereof without process of law and to expel and remove Tenant, or any other person who may be occupying the premises, or any part thereof.

Landlord may use such force in and about expelling and removing Tenant and said other person as may reasonably be necessary and Landlord may repossess itself of the said premises as of its former estate, but said entry of said premises shall not constitute a trespass or forcible entry or detainer, nor shall it cause forfeiture of charges due by virtue hereof, nor a waiver of any covenant, agreement or promise contained in said agreement, to be performed by Tenant.

Tenant hereby waives all notice of any election made by Landlord under this agreement, demand for rent, notice to quit, demand for possession, and any and all notices and demands whatsoever, of any and every nature, which may or shall be required by any statute of this State relating to forcible entry and detainer, or to Landlord and Tenant, or any other statute, or by the common law during the terms of this agreement.

The acceptance of rent, whether in a single instance or repeatedly, after it falls due, or after knowledge of any breach hereof by Tenant, or the giving or making of any notice or demand, whether according to any statutory provisions or not, or any act or series of acts, except and express written waiver, shall not be construed as a waiver of Landlord's right to act without notice or demand or of any other right hereby given Landlord, or as an election not to proceed under the provisions of this agreement.

If default to be made in the payment of the rent, or other charges herein reserved, or of any installment thereof, as herein provided, Tenant does hereby irrevocably constitute any attorney of any Court of Record in this State attorney for it and, in its name, from time to time, to waive the issuance of process and service thereof, to waive trial by jury, to confess judgment in favor of Landlord and against Tenant for the amount of rent which may be then due, by virtue of the terms hereof, or of any extensions or renewals hereof, or by virtue of any holdover after the termination hereof, and which may be in default, as aforesaid, together with the costs of such proceedings and for said purposes to file in said cause his cognovit thereof, and to make an agreement in said cognovit, or elsewhere, waiving and releasing all errors which may intervene in any such proceeding and waiving and releasing all right of appeal and right to writ of error, and consenting to an immediate execution upon such judgment, and Tenant hereby confirms all that said attorney may lawfully do by virtue hereof.

Landlord shall have a first lien on Tenant's interest hereunder, and on Tenant's property now or hereafter located in said premises, or elsewhere, to secure payment of all moneys due hereunder, which lien may be foreclosed in equity and in case of any such foreclosure proceeding, a receiver shall be appointed to take possession of said premises and property and relet the premises under order of court.

The obligation of Tenant to pay the rent reserved hereby during the balance of the term hereof, or during any extension thereof, shall not be deemed to be waived, released or terminated, nor shall the right and power to confess judgment given in the preceding paragraphs hereof be deemed to be waived or terminated by the service of any five-day notice, other notice to collect, demand for possession, or notice that the tenancy hereby created will be terminated on the date therein named, the institution of any action of forcible detainer or ejectment, or any judgment for possession that may be rendered in such action, or any other act or acts resulting in the termination of Tenant's right to possession of the premises.

The Landlord may collect and receive any rent due from Tenant and payment or receipts thereof shall not waive or affect any such notice, demand, suit or judgment, or in any manner whatsoever waive, affect, change, modify or alter any rights or remedies which Landlord may have by virtue hereof.

Tenant shall pay and discharge all costs, expenses and attorney's fees which shall be incurred and expended by Landlord in enforcing the covenants and agreements of this agreement, whether by the institution of litigation or in the taking advice of counsel, or otherwise.

The rights and remedies hereby created are cumulative and the use of one remedy shall not be taken to exclude or waive the right to the use of another.

Article XII

Laws, Ordinances, Rules and Regulations

Tenant shall observe and comply with all laws, ordinances, rules and regulations of the United States Government, State of Illinois, Counties of Cook and DuPage, City of Chicago and all agencies thereof which may be applicable to its operations or to the operation, management, maintenance or administration of the Airport, now in effect or hereafter promulgated.

To insure faithful performance of the covenants, conditions and agreements herein contained, Tenant, at the expense of Tenant shall, before exercising any rights or privileges accorded hereunder, furnish bond in form, kind and amount as determined and directed solely by the Comptroller for incorporation within this agreement as attachment thereto.

Article XVI

Be It Ordained by the City Council of the City of Chicago:

Section 1. Section 28-22.1(c) of Chapter 28 of the Municipal Code is hereby amended by inserting the language in Italics and deleting the language bracketed, as follows:

Section 28-22.1(c). The Council through its Committee on Local Transportation may, and at the request of the holders of a majority of the licenses at any time outstanding shall within sixty days after such request, hold hearings not more often than once in each period of twelve consecutive months to determine whether public convenience and necessity require additional taxicab service. At such hearings, the Committee shall consider:

I. The effect of an increase in the number of such vehicles on the safety of existing vehicular and pedestrian traffic;

II. The public demand for the service;

III. The effect of additional taxicabs on the wages or other compensation, hours and conditions of service of licensed drivers of vehicles then operating and previously licensed;

IV. The effect of an increase of competition with existing service on the cost of rendering such service;

V. The effect of additional licenses on the rates of fare which the Council may be required to revise under Section 28-30 hereof.

Notice of such public hearings containing the time and place thereof shall be published and a copy of such notices shall be mailed to every licensee. At such hearings each licensee shall submit a sworn statement of all gross [fares collected] *income derived from the operation of all taxicabs* immediately preceding period of twelve full calendar *licensed hereunder* and all operating expenses exclusive of Federal income taxes incurred during the months. The Committee may continue any public hearing from time to time without further notice by publication. At such hearings, testimony shall be given under the oath or affirmation of each witness. At any such hearing, any licensee, in person or by attorney, shall have the right to examine or cross-examine any applicant or witness and to introduce evidence.

At the conclusion of such hearing, the Committee shall report to the Council its findings and recommendations, if any. The Council shall then determine whether any additional licenses are required to be issued in order to satisfy the public convenience and necessity thereof. In no event shall the Council authorize the issuance of any additional licenses [unless during the twelve month period considered by said Committee at said hearings the combined total operating expenses of all licensees, exclusive of Federal Income Taxes, submitting the aforesaid sworn statements (provided they constitute the holders of a least a majority of all outstanding licenses) have been not more than 84% of their combined gross fares for such period and the Council shall have determined to allow the existing rates of fare to remain unchanged as permitted by Section 28-30 hereof. The number of additional licenses, the issuance of which may be authorized by the Council at any time, shall be limited to 1½% of the total number of licenses then outstanding for each 1½% by which the aforesaid combined total expenses is less than 86% of the aforesaid combined gross fares.] *unless the Council shall determined that the public convenience and necessity will be served thereby.*

Action Deferred—ON PROPOSED ORDINANCE TO AMEND SECTION 28-30 (b) OF MUNICIPAL CODE CONCERNING TAXICAB FARES.

The Committee on Local Transportation submitted the following report, which was, on motion of Alderman Bloom and Alderman Oberman, *Deferred* and ordered published:

To the President and Members of the City Council:

CHICAGO, September 5. 1979.

Your Committee on Local Transportation, having had under consideration a proposed ordinance transmitted with a communication signed by Honorable Jane M. Byrne, Mayor (which was referred on August 10, 1979) to amend Section 28-30(b) of Chapter 28 of the Municipal Code of Chicago concerning taxicab fares, begs leave to recommend that Your Honorable Body *Pass* the said proposed ordinance, which is transmitted herewith.

This recommendation was concurred in by 8 members of the Committee, with no dissenting vote.

Respectfully submitted,
(Signed) VITO MARZULLO,
Chairman.

The proposed ordinance transmitted with the foregoing committee report reads as follows:

Whereas, The practice of leasing taxicabs has become prevalent in the City of Chicago, as allowed by ordinance; and

Whereas, Said practice causes difficulty in determining the gross fares of licensees; now, therefore,

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF CHICAGO:

Section 1. Section 28-30(b) of Chapter 28 of the Municipal Code is hereby amended by deleting the language of Section 28-30(b) and substituting in lieu thereof in Italics the following language:

28-30(b). The Council may from time to time revise the rates of fare by general ordinance in conformity with the provision hereinafter set forth, which rates shall be just and reasonable. The Council, through its Committee on Local Transportation, may, and upon the application of not less than a majority of the licenses issued hereunder, shall within sixty days after such application, hold hearings (but not oftener than once in each period of twelve consecutive months) to determine whether a revision of the rates of fare is necessary. At such hearings each licensee shall submit a sworn statement of all gross income derived from the operation of all taxicabs licensed hereunder and all such expenses exclusive of Federal Income Taxes incurred during the immediately preceding period of twelve full calendar months. At such hearings the Committee shall:

I. Consider the sworn statements of gross income and expenses submitted by the licensees.

II. Consider the testimony and other evidence from any licensee that may wish to testify in support of the requested increase.

III. Consider the effect of an increase in fares upon the public and take testimony from any interested individual or organization.

IV. Consider the fares and practices with respect to similar services in other cities of the United States.

V. Consider all other evidence or testimony which the Committee deems to be relevant and material to a proper determination.

Upon completion of such hearings, said Committee shall report to the Council its findings and recommendations concerning a just and reasonable rate of fare. If after receiving said findings and recommendations from the Committee the Council determines that a rate increase is proper, it shall increase the rates in an amount to insure adequate and efficient service to the public.

Any revision of rates of fare may be made by a change in the charge for the length of the first designated portion of the trip, or by a change in the charge for the balance of the trip, for waiting time or for each additional passenger or by any combination of such charges. In making any such revision, the Council may presume the average length of a trip to be as established by current records of the licensees.

Section 2. This ordinance shall be in full force and effect from and after its passage.
